Foreword

ohm Uchchishta Maha Ganapathaye Namaha

Let me begin with my prayers to the Lord Uchchishta Maha Ganapathi who is the Elixir to all the worldly diseases and distresses. I pray my father Shri N. Selvaraj who was my astrological initiator, Shri K. S. Krishnamurthy, the savant of the K.P.System, Dharapuram Shri Guru Ramasubbu, Dharapuram Shri L. Duraiswami and Oddanchatram K. Natraj for all their blessings and support.

For a very long time I was contemplating in my mind that there should evolve a simple process by which; sure and snapshot predictions could be given without following complicated rules and caliculations. I started working on it; day in and day out. Thus born the technique of Chandra Naadi. The transit Moon is the center and basis of this system and hence the name Chandra Naadi. The Rasis, the Planets, the Planetery aspects and combinations all these alone

guide and decide the results without actual caliculation procedure.A basic knowledge of astrology is the minimum requirement to practice this format.

The principles of parashara method happens to be the basic rules for Chandranaadi; which is one among the Naadi books. Application of chandranaadi technique over; more than ten thousand horoscopes resulted in accurate prediction. My students and practicing Astrologers too endorsed the ease of chandranaadi method; and the victory of its outcome. As the name and fame of those were directed towards me came the idea of spreading the vicinity of this Chandra Naadi technique in other languages from my language of Tamil.

I am proud to see that; this Naadi book i.e. Chandra Naadi has come out very well in English language; which would be helpful for everyone (Astrologers) in understanding the situation/condition of the Native during the times of analysis.

May the blessings of Shri Uchichishta Maha Ganapathi and Shri Karuppuswamy; be showered on everyone.

In the service of Divine Astrology I always remain

The technique of Chandra Naadi Delivers me Mindfullness; not only while applying on the charts; but also spending and writing about it. This method of Chandra Naadi is easy to adopt in predicting accurate results when I was about to learn this technique; the questions raised in my mind were of as below

1. Is it pressable to predict a horoscope at the I Glance?
2. If Yes, Is it the proper way of predicting a chart?
3. Are there not; multiple methods and caliculations involved in the predictions

Yes I sincerely respect my thoughts/questions that got raised. At the same time I also feel proud for the technique of chandranaadi that surprised me when my Master (Author) Mr. GK Sir was explaining with that of his clients chart. Then I got to conclude that;this Chandranaadi technique is the precised way of analysing a chart ; but not neglecting any of astrological Phylosophy.

GK sir has designed this technique in such a manner that the beauty of words and its meaning will no were change the rules of astrology. Which inturn, helping in accurate prediction for current times of consultation.

I here by request the readers/Astrologers to understand this chandranaadi method and gain name and fame by helping the society with the blessings of divine Guru

OM SRI SAIRAM OM NAMO NARAYANI

My hearty and respectuful pranams to one of my guru Shri. Tirupur S. Gopalakrishnan Ji. Mr. GK Sir is person of gem with full of divine grace and an outstanding 1. Astrologer, 2. Reseacher, 3. Teacher & 4. Writer.

I feel proud to be the student of him, who has the content of Astrological Research Techniques for 100 books, out of which, more than 35 books has been published.

The technique of chandra Naadi helps to analyse an horoscope with the help of gochara Chandra (Transit Moon) when the transit moon combines (or) conjunct (or) gets aspected by other natal planets & also when travelling over rashis & bhavas will help an astrologer to predict confidently by understanding the mind of client/native. Chandra Naadi technique happens to be the mirror of native, by pinpointing the question of native along with his past expriences and future happenings. Adoption of this chandra naadi technique has delivered me an uniqueness in my experience and belive the same that could happen with other astrologers too.

I here by pray my lord Shri Sathya Sai Baba to shower his blessing on GK Sir, for his divine service in the field of astrology since then to coming days too.

CHANDRA NAADI

INTRODUCTION

Chandrama manaso jathaha: the moon got created from Virat purusha's mind, is the declaration of Veda.

Moon is connected to the mind. Mind is the magical key which can open the secret chambers which contains happiness of our lives. Every Astrological question put to an astrologer is in pursuit of happiness only. The transit moon is the key to open the hidden secrets of various houses of an horoscope. How the natal planets connection to the transit moon helps to guess the question bothering the native. The Graha, Bhava Karakathwas of those connected planets will indicate the question.

It is an astronomical fact that, The transit moon covers all the Rashis of the zodiac in 29.5 days. The transit moon will be getting connected to the natal planets by the way of conjunction or aspect again and again many times in a month. Will the native ask the same questions or will he experience the same life

events again and again? One may ask. The answer to that question is covered in this volume in detail. The answer is in the **transit position** of those connected natal planets, with respect to the Janma Lagna. All these planets will be moving over different Bhavas with respect to the Janma Lagna in their transit. That makes the variance in the question. Their association with other planets decides the answer to the question will be positive or negative in worldly terms. Spiritually every experience is positive only, leading the journey of life towards one goal. An astrologer should be through with Bhava Karakathwas to answer using Chandra Naadi.

CHANDRA NAADI is a prediction technique connecting Transit moon's position over the planets in the natal chart. This is based on Parashara method Naadi Rules.

No calculations involved. Importance given to the prediction past.

The Highlight: Helps an astrologer to guess the question, the native is going to ask, on that particular day of prediction. This removes the initial suspense in an astrologer about guessing the native's question.

Basic knowledge required to master Chandra Naadi technique

1. Planetary significations (Karakathwaas).

2. Karakathwaas of the Houses (RASHI) & Bhavas.
3. Planetary Strength & Weakness
4. Planetary Aspects (Parashara Method)

All the living and non-living things available in this world are allotted to a planet (or) to a Rashi (or) to a Bhava, and those things are referred as the Karakathwaas of that particular entity, it has been assigned to. 3. Planetary Strength and Weakness

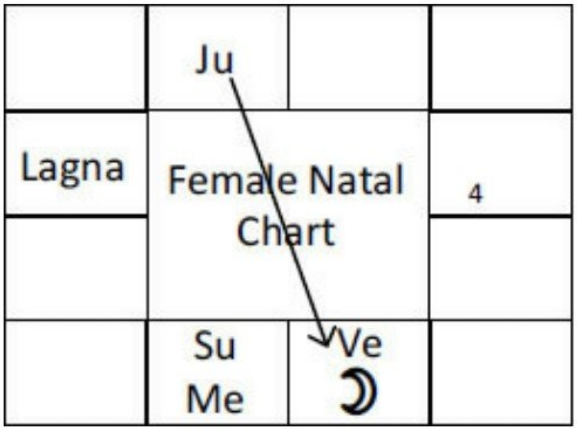
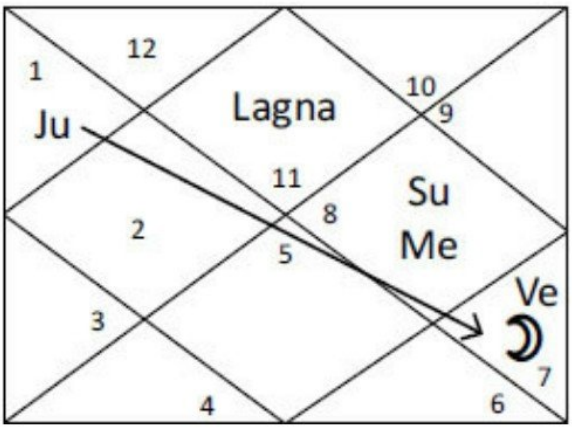
PLANETARY STRENGTH

1. Planet placed in its own or exaltation house.
2. Conjunct with its friendly planets.
3. Conjunct with (or) aspected by benefic Jupiter

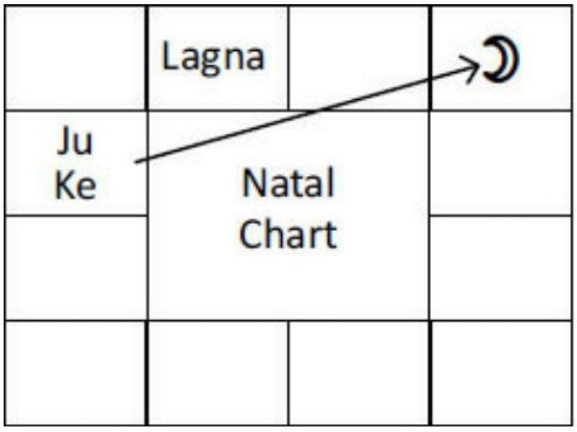


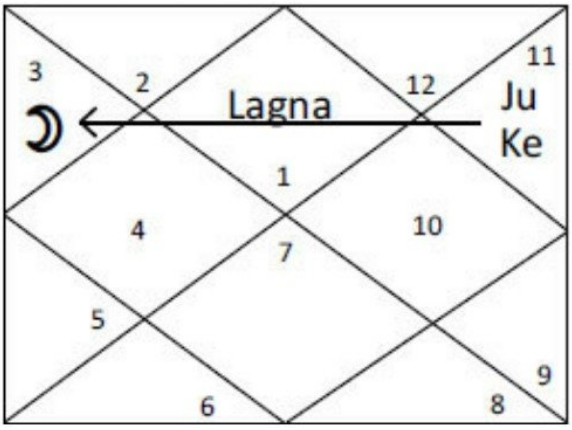


Jupiter aspect on venus and transit moon at its own house (Libra) indicates the result delivered by transit moon will be positive., due to the increase in strenght.

PLANETARY WEAKNESS

1. A planet placed in its depleted house.
2. Conjunct with its enemy planet
3. Hemmed between two enemy planets.
4. Conjunct with Rahu/Ketu





Result delivered at 3rd bhava by the Transit Moon will not be of that great's inspite of natal jupiter being aspected (5th aspect).

Reason: Natal jupiter is in conjunction with ketu. ∴ fruits of 3rd bhava result will failure.

Note: This concludes the weakness of natal jupiter.

4. Rules of Chandra Naadi

Basic rules are applied in the principle of Chandra Naadi technique:

1st Rule: For predicting the present events at the time of analysis, The natal planet conjoining or aspecting the transit moon will indicate Native's present queries.

2nd Rule: The planet (or) the planets in the natal horoscope, which the transit Moon has just crossed indicate the past experiences (or) the past happenings of the native.

3rd Rule: The planet (or) the planets in natal horoscope, which the Transit Moon is going to conjoin next, indicate the future experience (or) future happenings of the native.

4th Rule: To determine the timing of events, two principles are used:

1. The time of conjunction (or) the aspect on the Transit Moon by the Guru in the Natal Chart, will indicate the fruitification of the results.

2. The time of conjunction of the Transit Moon with the Kaaraka planet of the query indicates, the timing of the results. Both the steps decide the fructification of the results precisely and accurately.

5th Rule: The positioning of the Transit Moon in 6,8 (or) 12th to any planet (or) planets in the natal chart, indicate unfavourable results to the Kaaraka of that particular planet or the planets.

6th Rule: Parivarthana (i.e.) exchange of houses.

- Results will change.
- First good, then bad (or) vice-versa.
- When there is an exchange between bhava lords, the houses which are not under exchange will get affected.
- Even the planets placed in the non-exchange bhavas will give bad results.
- Dasa-Bhukti of the planets placed there, creates trouble.

7th Rule: Retrograde (i.e.) vakra planet.

- Retro means adamant in nature
- Adamant in Graha/Bhava Kaarakathwas, and owning/occupying houses.
- Some fracture in the result given by that planet.

- They give heart burns.
- They do not get affected by Rahu/Ketu.

For example,

Let us assume that the Transit Moon is placed today in the sign of Kataka. A client comes to consult the astrologer today with his natal horoscope. In his natal chart, he may (or) may not have planets placed in the sign of Kataka. Those planets, if any, are now in combination with today's Transit Moon, and so they indicate his present condition. The planets at the Mithuna Rashi would indicate the situation, he has already faced in the past. The planets in the Simha Rashi would indicate the state of affairs waiting for him in the future. The planets aspecting the respective signs also contribute to the effect. This is the modus operandi of the CHANDRA NAADI TECHNIQUE. If the astrologer prepares a list

of answers for the following questions, then he can identify the purpose of his client's visit and possible responses to his queries.

Which of his natal planet/s is/are associated with today's Moon?

- Which of his natal planet/s was/were associated with the yesterday's moon?
- Which of his natal planet/s is/are going to get related to the next day's Moon?

The clients questions will be of only those subjects, present in that list. This is the essence and the eminence of the Chandra Naadi.

The Transit Moon can combine with any planet in the natal chart and accordingly the query and the answers are indicated. If the Transit Moon joins the Lagna Bhava of the native with no other combination (or) aspect of other planets, then the likely questions are about him. Similarly, if the Transit Moon combines with the Sun in the Natal Chart, then the question will be based on the Kaarakathwaas of the sun, and also about the Bhava in which the Sun is placed. For example, the native may ask about his profession, father, son, father-in-law (or) about his honour and prestige (or) regarding any Government matters.

- When the Transit Moon joins with the natal Moon, the questions would likely be about his travel, mother, mother-in-law, mental agitation, about his own self, (or) about the status of some errors happened. And, when the two Moons are combining (or) aspecting, the questions could be also about a past event that has happened (or) about on activity on which the decision has been already taken.
- When the transit Moon is joining with the Mars, then the questions placed may be regarding his brother, house, lands, husband (if the client is a women) physical well-being, surgery or about some uniformed service.
- If the transit Moon meets the natal Mercury, then the likely questions are about one's education, love, empty grounds, contracts, documents, partnership, banks, agencies and trade activities.
- If the transit Moon joins with the natal Jupiter, then the likely questions are about children, progeny, Kula Deva, economic status, some auspicious events, and large sum of money, expansion and progress.
- If the transit Moon joins the natal Venus, then the likely questions are about marriage,

ladies, one's sister, income, hormones and vehicles.

- If the transit Moon joins the natal Saturn, then the likely questions are about one's occupation, servants, the interruption happened in the Kula Deiva worship, delays and it could also be about some mental agony (or) depression of mind and defeats.
- When the transit Moon joins the natal Rahu, then the questions are likely about his fear, black magic, poison, about distant places, the emerging problems, crisis, danger, snowballing in uncontrolled proportions, accidents and critical/worst situations.
- When the transit Moon joins the natal Ketu, then the questions are likely about some legal issues, separations and disturbance, and also the same attributes assigned to the Rahu.
- When the transit Moon joins the natal Mandhi, then the questions are about some crisis, danger to life (or) about death, fear of death and dead persons.
- If there are neither any planetary conjunctions nor any planetary aspects on the transit Moon, then it indicates that the problems of the native were solved already

(or) the problems were going to intensify further.

5. Gocharam (Transit)

Gocharam refers to the transit position of the planets. The astrologer is expected to keep in his mind, the position of all the planets, especially Transit Moon, at any part of the day.

1. The Rashi
2. The Star &
3. The Nakshatra pada

in which the Moon is transiting on the daily basis is a must and is the basic criteria for the CHANDRA NAADI TECHNIQUE.

Importance of Gochara -

For example,

Inspite of Mars being the significator for many things, it has all the rights to deliver the result with respect to the significance of only that particular Bhava, where it is travelling in its Gochara.

Results delivered by Transit Mars during the times of Transit Moon travelling over natal Mars are:-

1. When Transit Mars travels over the 1st Bhava, the results with respect to the significance of Ist Bhava will be delivered ....., irrespective of the placement of Natal Mars such as -

   - Efforts in maintaining the physical body and harsh behaviour will be delivered temporarily.
   - In case of Natal Mars placed in 1st Bhava itself, then the efforts in maintaining the body physic will remain permanent.

2. When Transit Mars travels over 2nd Bhava, then the result w.r.t the significance of 2nd Bhava will be delivered, irrespective of the placement of Natals Mars such as:

   - Temporal speech in general and violent behaviour with family men will be delivered temporarily.

3. When Transit Mars travels over 3rd Bhava, then the results with respect to the significance of 3rd Bhava will be delivered, irrespective of the placement of Natals Mars such as:

   a) Interest in short distance travels.

b) Taking fast decisions in selling properties like land, house and vehicle.

c) Getting cheated by lending money to the one who do not repay.

d) Becoming reason for a major accident

e) Showing efforts in the growth of business, will be delivered by the Transit Mars.

- When Transit Mars is aspected by Natal Mars and Transit Mars travels over Natal Saturn at the 3rd Bhava, then the results delivered by the Transit Mars will be delayed.

a) The quality of results delivered by the Mars will also have a combination of rest with respect to significance of Saturn.

b) Significance of Mars will have a mixture of significance of Saturn also.

c) The quality of results delivered by the Transit Planet will vary due to the various changes attained in its Transit.

NOTE: 1

Transit Moon travels over Natal Planets once in a month. Under such condition, how does the rule of CHANDRA NAADI help in analysing long term

predictions? This question is/was asked by many of my students/clients until now.

Here's how it works:

When Transit Moon gets connected with Natal Planets, they do not deliver some kind of results to the Transit Moon, due to the changes in strength and weakness, they attain in this Transit, where the Transit Planet will be delivered to the Natal Planets.

- Natal Planets will deliver the mixture of results throughout the life of Native according to the -

* Bhava, it is placed.
* Result of its significance and
* Mixture in quality of conjuncted and aspected planets.

Whereas the Transit Planets will show variation, in their state of action. Hence, the state of Planet that delivers the result will vary, even if a chart is analyzed twice at two different times, with similar kind of questions during both the visits.

The Planet that pinpoints the question will not vary, whereas the variation in Transit Planet and Dasa Bhukti will bring changes in the Answer.

NOTE: 2

Questions will not vary, whereas Answers will vary. For example ....

1. When the Transit Moon, is aspected by a Natal Chart from Lagna Bhava and it the same Transit Planet is travelling over 1st Bhava itself....., then the Native will enjoy the fruits with respect to 1st Bhava alone. In case if Natal Planet is aspecting many other signs, then the fruits of these signs will also be enjoyed by the Native. Hence the results delivered by the Natal Planet will not be of same kind.
2. When the Transit Moon is aspected by a Natal planet from Lagna Bhava and if the same Transit Planet is traveling over 2nd Bhava, then the Native will enjoy the fruits with respect to 1st and 2nd Bhava. In case if Natal Planet is aspecting many other signs, then the fruits of those signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.
3. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava, and if the same Transit Planet is traveling over 3rd Bhava, then the Native will enjoy the fruits with respect to 1st and 3rd Bhava. In case if

Natal Planet is aspecting many other signs, then the fruits of these signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.

4. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava and if the same Transit Planet is traveling over 4th Bhava, then the Native will enjoy the fruits with respect to 1st and 4th Bhava. In case if Natal Planet is aspecting many other signs, then the fruits of those signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.

5. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava and if the same Transit Planet is traveling over 5th Bhava, then the Native will enjoy the fruits with respect to 1st and 5th Bhava. In case if Natal Planet is aspecting many other signs, then the fruits of these signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of the same kind.

6. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava, and if the same Transit Planet is traveling over 6th

Bhava, then the Native will experience the results with respect to 1st and 6th Bhava together.

In case if Natal Planet is aspecting many other signs, then the results of those signs will also be experienced by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.

7. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava and if the same Transit Planet is traveling over 7th Bhava, then the Native enjoy the fruits with respect to 1st and 7th Bhava together. In case if Natal Planet is aspecting many other signs, then the fruits of those signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of the same kind.

8. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava and if the same Transit Planet is traveling over 8th Bhava, then the Native will experience the results to 1st and 8th Bhava together. In case if Natal Planet is aspecting many other signs, then the results of those signs will also be experienced by the Native. Hence,

results delivered by the Natal Planet will not be of same kind.

9. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava, and if the same Transit Planet is traveling over 9th Bhava, then the Native will enjoy the fruits with respect to 1st and 9th Bhava together. In case if Natal Planet is aspecting many other signs, then the fruits of these signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.

10. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava and if the same Transit Planet is traveling over 10th Bhava, then the Native will enjoy the fruits with respect to 1st and 10th Bhava together. In case if Natal Planet is aspecting many other signs, then the fruits of those signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.

11. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava, and if the same Transit Planet is traveling over 11th Bhava, then the Native will enjoy the fruits with respect to 1st and 11th Bhava together. In case if Natal Planet is aspecting many

other signs, then the fruits of these signs will also be enjoyed by the Native. Hence, the results delivered by the Natal Planet will not be of same kind.

12. When the Transit Moon is aspected by a Natal Planet from Lagna Bhava, and if the same Transit Planet is traveling over 12th Bhava, then the Native will experience the results with respect to 1st and 12th Bhava together. In case if Natal Planet is aspecting many other signs, then the results of these signs will also be experienced by the Native. Hence, the results delivered by the Natal Chart will not be of same kind.

6. Aspects/Drishti (Parashara Method)

☽ = Transit Moon ♂ = Transit Mars

☊ = Transit Rahu ☋ = Transit Ketu

The Aspect or the Drishti refers to the influence or the impact exerted by a planet on other planet or planets.

- Sun, Moon, Mercury, Venus, Rahu, Ketu will aspect the 1st & 7th houses from where they are placed
- Mars will aspect the 1st, 4th, 7th and 8th houses from where it is placed
- Jupiter will aspect the 1st, 5th, 7th and 9th houses from where it is placed
- Saturn will aspect the 1st, 3rd, 7th and 10th houses from where it is placed
- Maandi will aspect the 1st & 7th houses from where it is placed.
- Rahu Ketu will control 3&11 from there position

1. When the Planets ASPECT..., they influence their Significative nature & the Functions of Bhava,to the SIGNS & PLANETS.

For example:

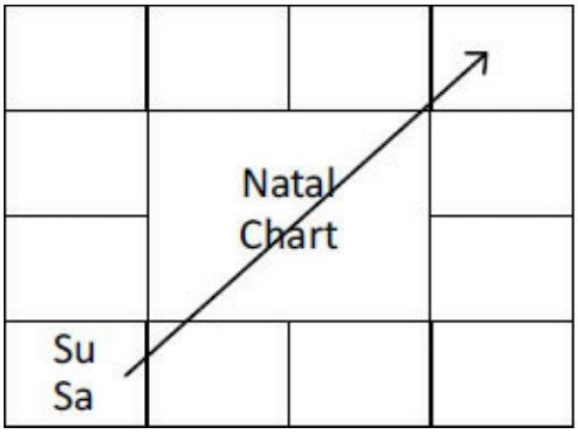
According to my Research..., when Planet aspects, it will deliver its earned income to the Planets and Signs being aspected by it. The delivered income will be spent by other Planets and Signs. This is the ideology of **PLANETARY ASPECTS.**

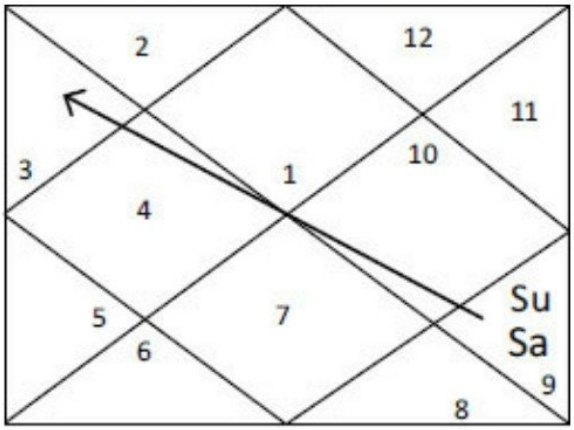
2. A Planet will share its wellness, sorrow, work, significative feelings and functions of that Bhava, via its Aspect.
3. When two Planets, I.e. Planet A & Planet B are in conjuction, then the aspect of Planet A will have the combination of -
    1. Significance of Planet B &
    2. Significance of Bhava it is posited.

FOR EXAMPLE: When Sun is conjuncted with Saturn, the light rays of Sun will appear to be dark in nature. The rays may be either like Rising Sun or setting Sun, due to the combination of the darkness of Saturn.

4. Planet A is Aspecting ->- Planet B is Aspecting ->- Planet C.

Planet (A + B) is Aspecting ->- Planet C.



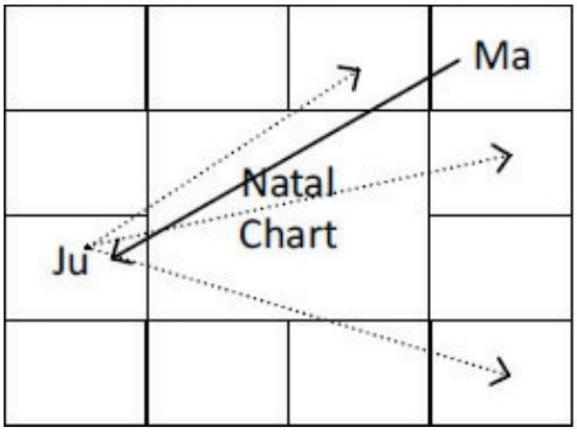


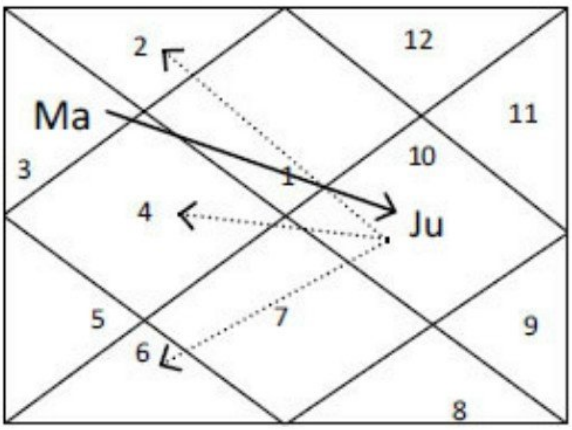
In above chart 7th aspect of Su/Sa conjunction over the planet in 3rd bhava will get the mixture of sun and saturn rays.

Here, Planet B absorbs the siginificance of Planet A and delivers it to Planet C, along with its own significance. This also means,

- Planet A is indirectly Aspecting Planet C &
- Planet B is directly Aspecting Planet C.

FOR EXAMPLE: Mars is a speedy Planet. Therefore, its aspect will have a nature of quick action. When Jupiter is aspected by Mars, then the aspect of Jupiter will have a combination of rapidness & wisdom (wiseness).Therefore, the Jupiter's aspect will have a nature of prudent speed.(I.e.) controllable speed.

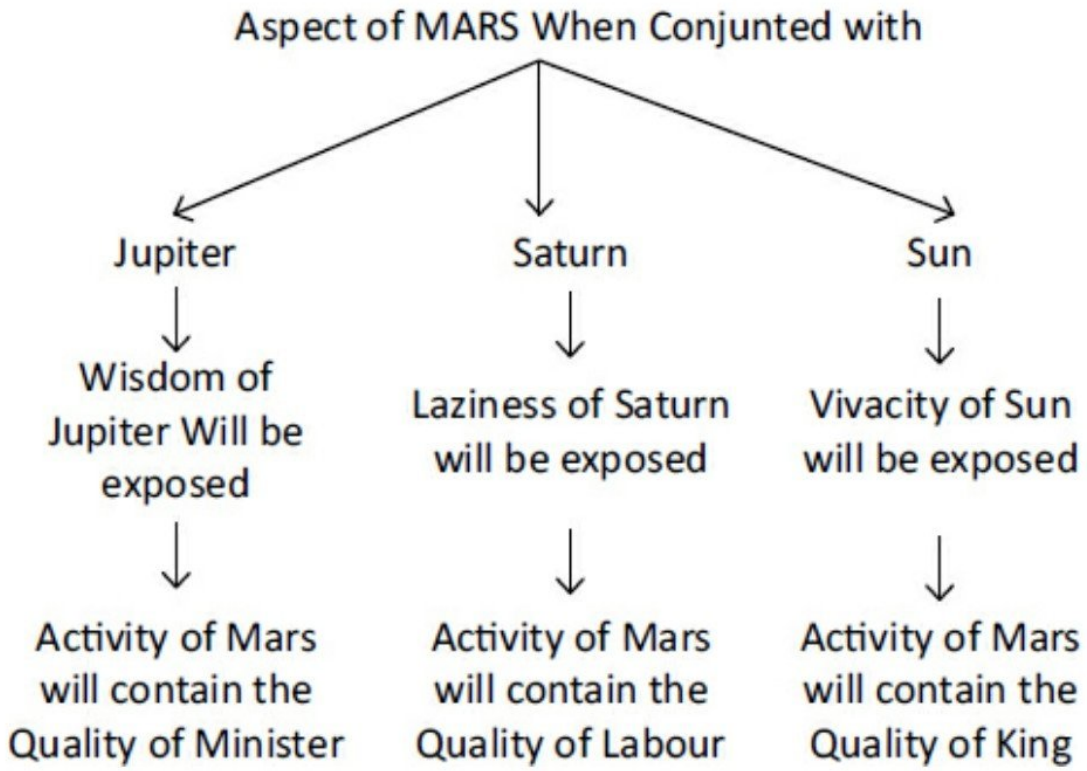




In above chart direct aspect (8th aspect) of mars over jupiter; happens to be the indirect aspect on the planets in the bhavas of 2, 4 and 6 from jupiter.

The above points indicate about the changes in its,

- Individual nature,
- Individual Quality &
- Activities.., of a planet when conjuncted/ Aspected by another planet.



If the Natal Planet is considered as a Leader, then the Representative will be its own Transit (GOCHARA)

IDEOLGY OF CHANDRA NAADI:

If the Significator and Bhava Lord pinpoint the Question, then its Transit status & Running Dasa Bhukti will indicate the Answer.

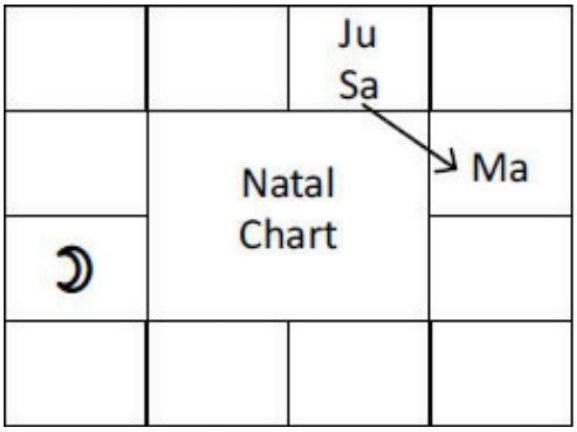
When a planet is aspected by another planet, then the result of aspected planet will get changed.

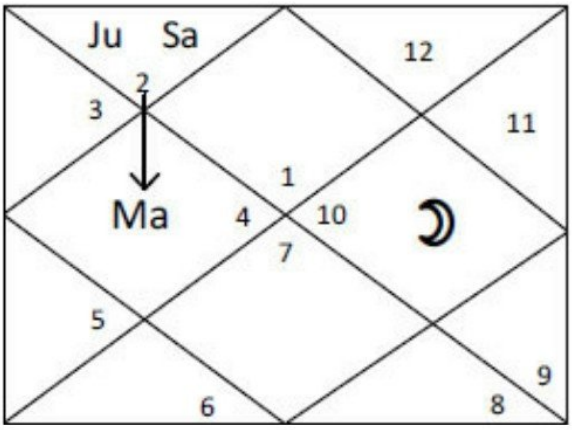
We will look at some examples for better understanding.

EXAMPLE - 1

OBSERVATION:

- Saturn being conjuncted with Jupiter is aspecting Natal Mars.
- Natal Mars is aspecting the Transit Moon.





CONCLUSION: Good events such as-

i. Earning good profits through large scale industry &

ii. Purchasing of a big house and landed property, will take place through Employment/Business.

- The Aspect of Mars will have a combination of –

o Nature of Mars,

o Nature of Jupiter and Saturn &

o Nature of all the three Lordship Bhavas.

EXAMPLE – 2

What is the condition of their Parents?

In the above example chart,

- Natal Sun is posited in the sign of Aries.
- Natal Moon is posited in the sign of Scorpion.
- The dispositor of Sun & Moon is posited in the sign of Capricorn.
- Here the dispositor is Mars, who has given his Sign to reside. At present, the Sun & Moon are residing.
- The dispositor (Mars) is exalted in the sign of Capricorn.

CONCLUSION:

- Both father & mother will reside in a same place because, the dispositor for Sun and Moon is the same planet. (I.e. Mars is the sign lord for Aries & Scorpion)
- Parents are leading a luxurious life because; Mars is exalted at the sign of Capricorn.
- Unity within the Parents will be less because, Sun & Moon are posited 6/8 to each other. (I.e. Shastaashtakam).
- Father will be in the safer zone, where as mother is affected. This is because of the aspect of Mars to the Sun. Sun (Father) is protected (Mars aspect) due to certain situation, where as Moon (Mother) is afflicted.
- Transit Moon is travelling over the sign of Taurus.
- Transit Moon is aspected by Natal Moon from the sign of Scorpion.

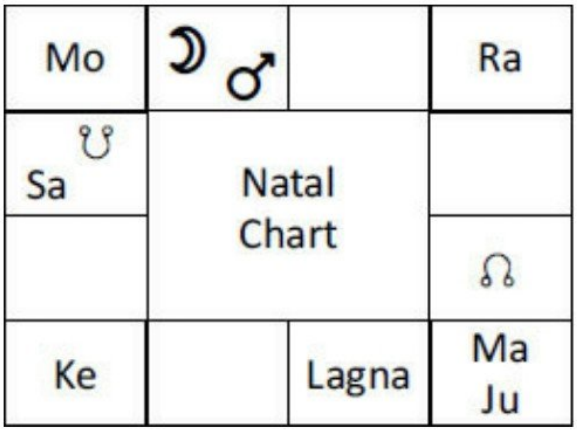
- Father will be renowned for his activities because of the exaltation of Natal Sun.
- Mother will appear to be dishonored for her activities because of the debilitation of Natal Moon. Since exalted Transit moon is aspected by the Natal Moon...., no dishonorable deeds could be found in the activities of Mother.
- Parents will not get separated for sure because,
- The dispositor for Sun & Moon is the same Planet i.e. Mars.
- Natal Mars is posited in the star of Moon and aspecting the Natal Sun from the sign of Capricorn.

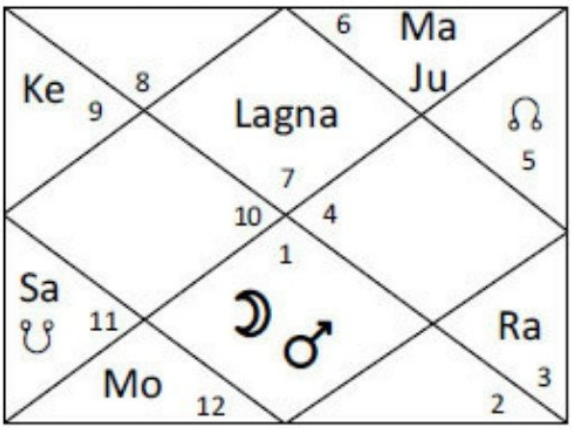
EXAMPLE - 3

OBSERVATION:

- Native is a Libra Ascendant.
- Transit Moon is travelling over the sign of Aries.
- Transit Moon is aspected by Natal Saturn from the sign of Aquarius.
- Transit Moon is also aspected by Natal Mars conjuncted with Natal Jupiter.

NOTE: Transit Moon is travelling over the sign of Mars, as well as Mars aspect.





CONCLUSION:

- The two planets which are aspecting Transit Moon are-

1. Natal Mars & 2. Natal Saturn.

- Therefore, the significance of these two Planets along with their Lord ship Bhava's has to be analyzed for the prediction.
- Natal Mars is pinpointing the Question therefore; Answer could be indicated by the condition of Transit Mars.
- The query must be regarding the matters of marriage because.., The Transit Mars is travelling over the sign of Aries.

Author: Your query must be regarding two things-

1. Question related to the marriage event &
2. Question related to Ancestral Landed property.

(The client widened his eyes with his back straight)

SUGGESTION: Selling the Land is the only option to repay the Loan/Debts.

How is it concluded to be, "Selling of land"?

- Transit Moon aspected by Natal Saturn from 5th Bhava indicates, "Ancestral".
- Transit Moon aspected by Natal Mars from 12th Bhava indicates, "Loss of land".

CONCLUSION: Hence, "Loss of Ancestral property."

Marriage event will take place a few months later because of -

- Transit Mars travellig over 7th Bhava.
- Planet Rahu/Ketu are not being connected.

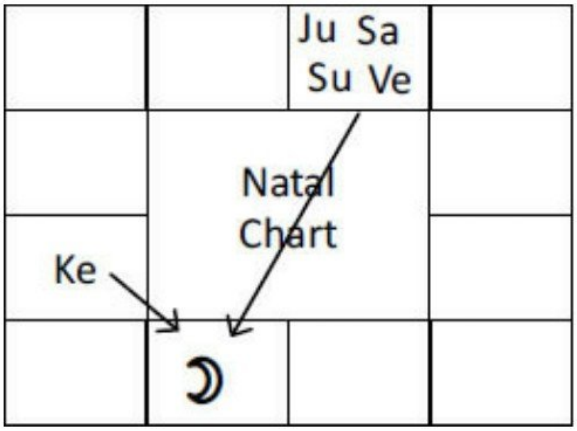
SUGGESTION:

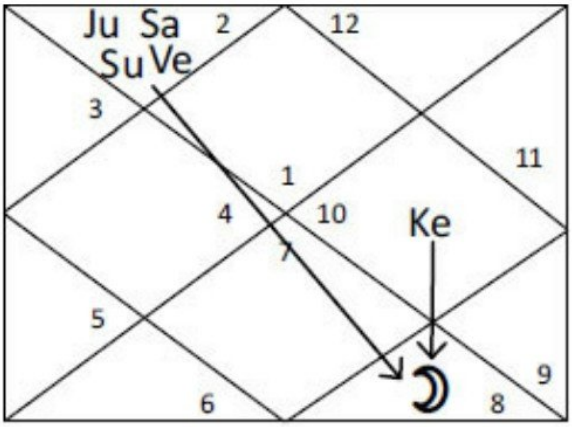
- Be patient for a few months, for the marriage to happen.
- Transit Moon has just crossed the Natal Moon at 6th Bhava. Therefore, the chances of Native being suffered from- Uterus related issues & Cold related problems in severe.
- Take care in the health of Native because..., it is the time to undergo medical advice and medication.

CLIENT: We have just consulted a doctor and visited your place for suggestions. The above mentioned both the problems are detected as positive. Thank you for the suggestion Sir.

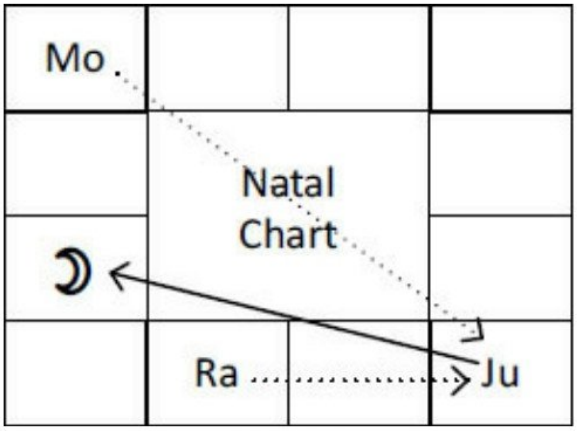
TWO TYPES OF GRAHA DRISHTI

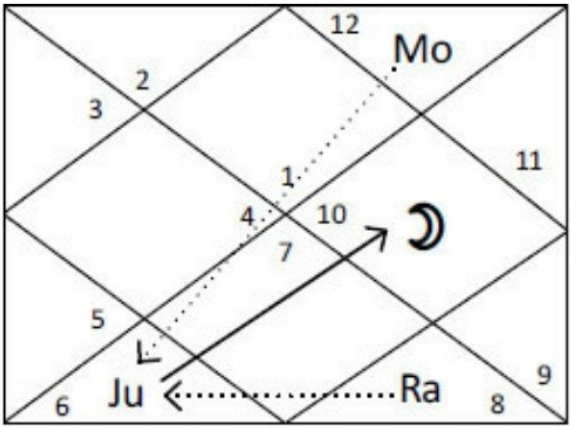
Direct Drishti:





Influenced Drishti:

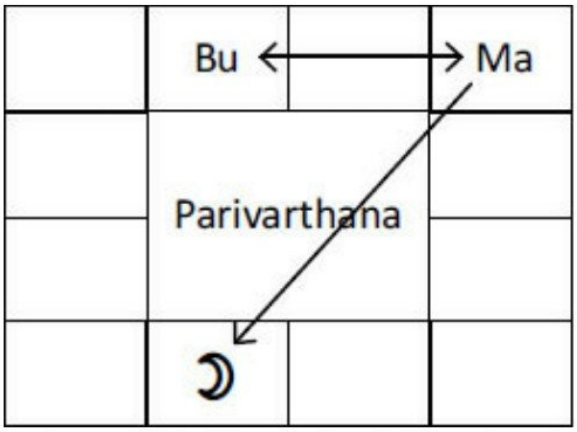


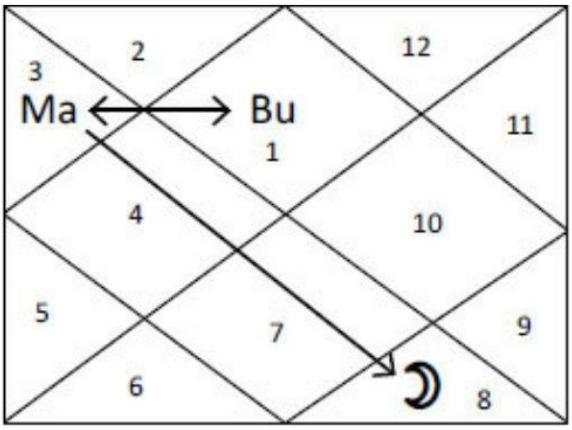


7. Parivarthana (Exchange of Houses)

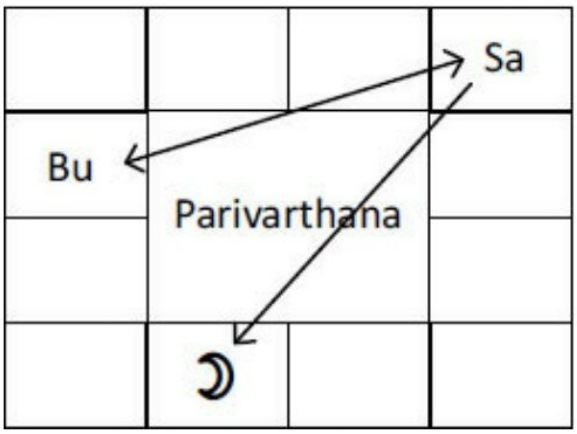
☽ = Transit Moon ♂ = Transit Mars
☿ = Transit Mercury

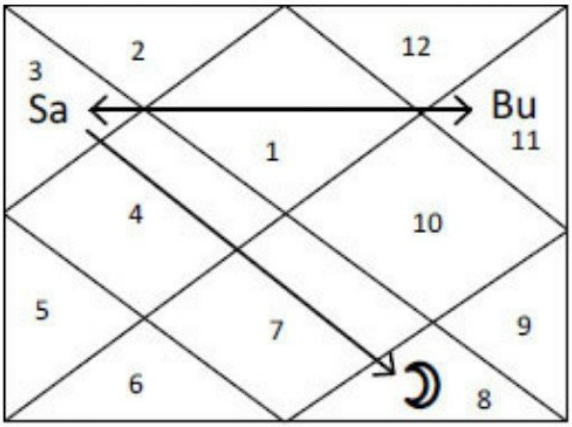
1. After Parivarthana Natal Mars Aspects Transit Moon with its 8th Drishti.





2. After Parivarthana Natal Saturn Aspects Transit Moon with its 10th Drishti.





3. Results will change

First good then bad or First bad then good

When there is a exchange between 2 lords, the houses which are not under exchange will get affected

Even the planets placed in the Non exchange bhavas will give bad result.

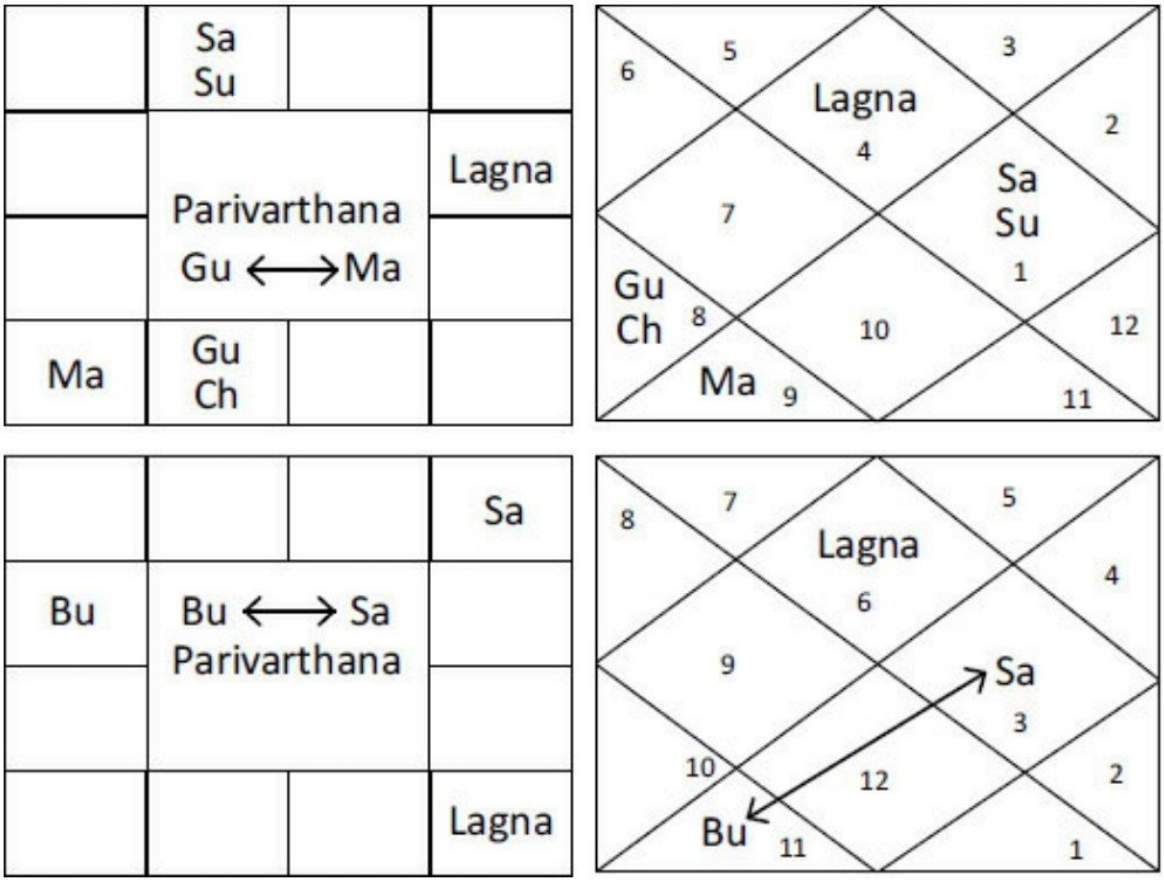
Dasa – Bhukti of the planets placed there give trouble in some life events.

Example:

Parivarthana between Kuja & Guru in the chart below

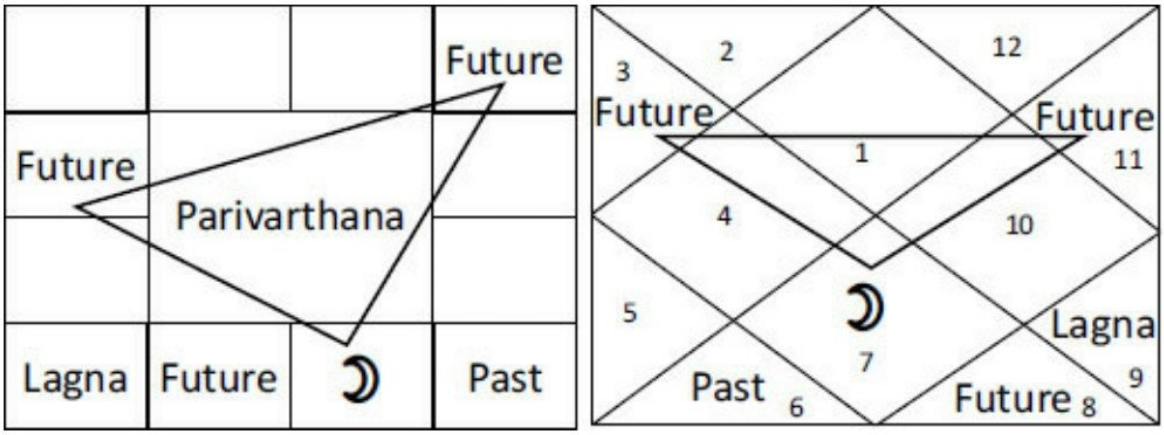
Father and Uncle were fighting

Uncle got Killed, by the Father.



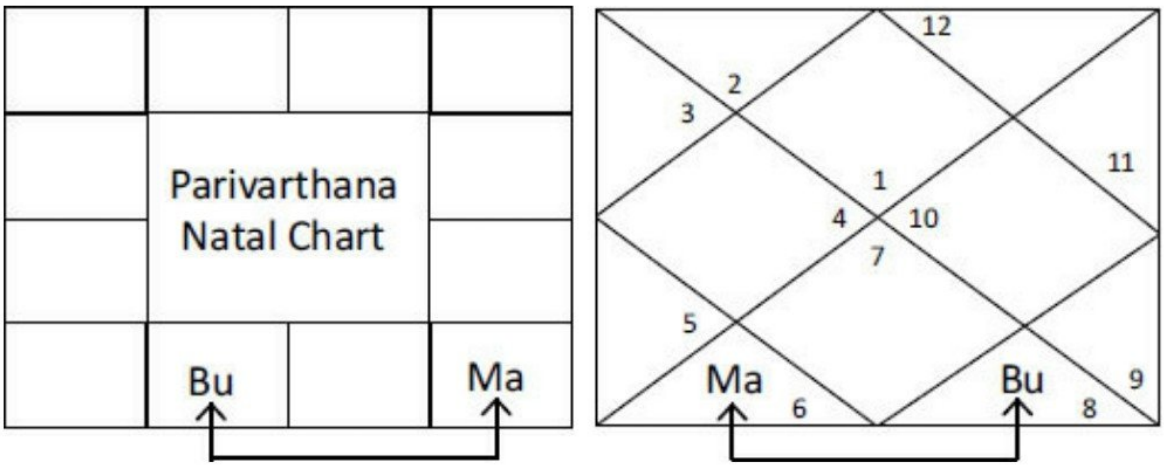
4. The Planet or Planets in the natal Chart, the Transit Moon Just crossed indicate the past happenings in the native's life

The Planet or the planets in the natal Chart, the Transit Moon going to conjoin indicate future experience in the native's life

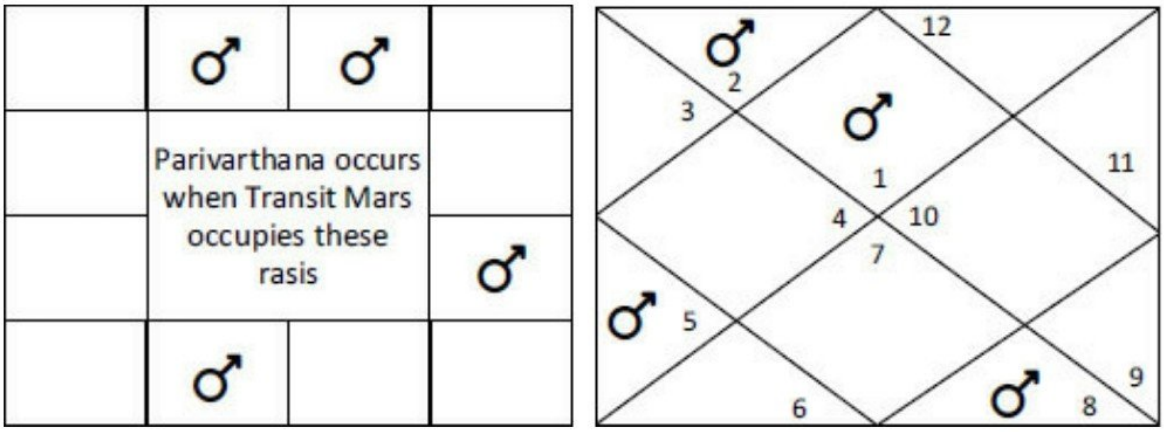


When Does Parivarthana Get Activated?

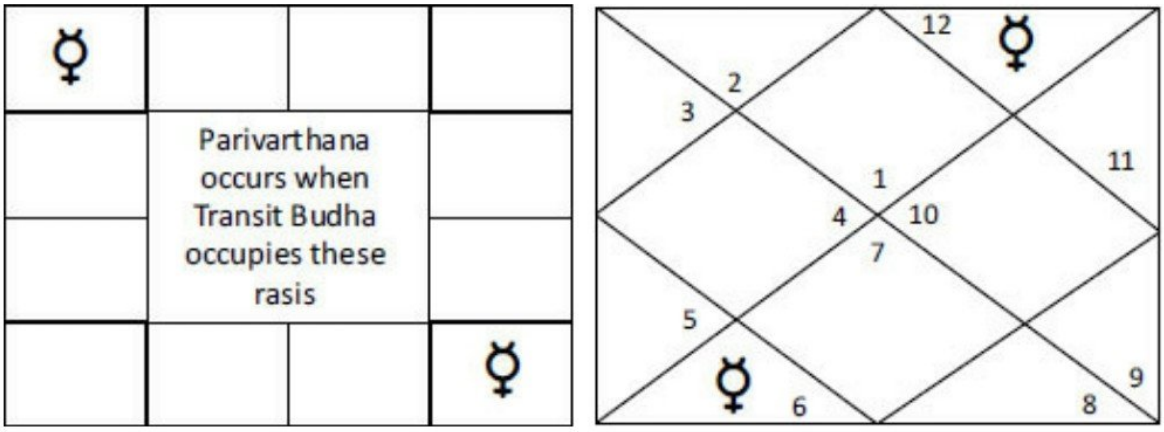
EXAMPLE – 1 (Chart - 1)



(Chart - 2)



(Chart - 3)



OBSERVATION:

- Natal Mars in the sign of Virgo and Natal Mercury at the sign of Scorpion are in Parivarthana Yoga.

Role of Mercury in this Parivarthana Yoga

o During the times of Transit Mercury travelling over the sign of Virgo (or) Pisces..., activation of Mercury will take place.

- Whereas ..., Mercury will deliver its 100% results at the sign of Virgo alone.

Role of Mars in this Parivarthana Yoga

DEFINITION: Parivarthana will deliver the result during the times of Transit Mars travelling over/ aspecting Natal Mercury.

- Parivarthana will deliver the result -
  - During the times of Transit Mars travelling over Natal Mercury at the sign of Scorpion,
  - When Transit Mars is travelling over the sign of Aries, Taurus & Leo.., &
  - If Natal Mercury is aspected at the sign of Scorpion.

EXAMPLE - 2

A passenger with a railway ticket asks the seated passenger to vacate his seat, so as to furnish by himself.

No passenger can find the seat allotted for him, if he searches in different compartment... Similarly, if Natal Mercury is not connected with Transit Mars.., then the results will not be delivered by Parivarthana.

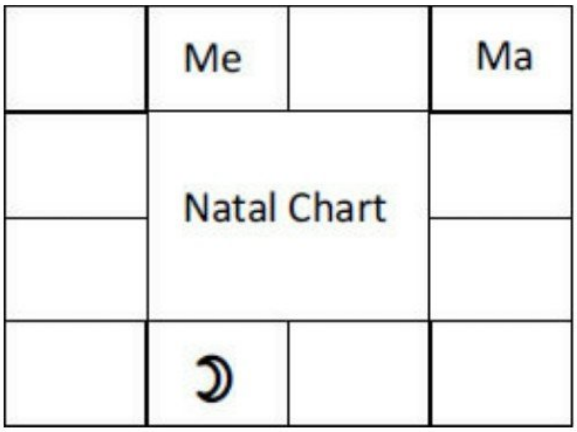
- The character of a Parivarthana Planet will have a combination of both the signs.

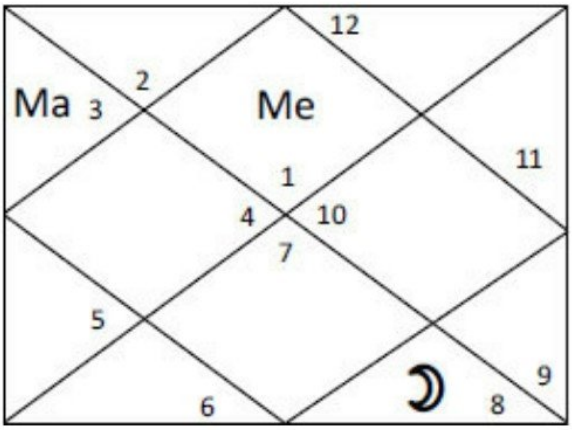
- Parivarthana is capable of interchanging Avayoga into Yoga (or) Yoga into Avayoga.

When does Parivartha deliver its result?

OBSERVATION:

- Natal Mercury at the sign of Aries & Natal Mars at the sign of Gemini are in Parivarthana Yoga.
- Transit Moon is travelling over the sign of Scorpion.





In General..., Transit Moon is neither aspected by Natal Mercury nor Natal Mars. Whereas, after Parivarthana..., Natal Mars from Aries will aspect the Transit Moon at the sign Scorpion resulting in delivering the results of - aspect as well as posited sign.

- According to the aspect of Mars -
  - Cancer sign by 4th aspect,
  - Libra sign by 7th aspect,

- Scorpion sign by 8th aspect…, will get activated.

- According to the placement of Mars…, Aries sign will also get activated.

IN OVERALL CONCLUSION, the Native will enjoy the fruits of above mentioned four signs.

- The Native will enjoy the delivered fruits during the times of-
  - Transit Mars conjuncted with Natal Mercury
  - Transit Mars aspecting Natal Mercury.
- Natal Mars will deliver the result with respect to the significance of-
  - It's placement at Gemini &
  - It's Lordship Bhavas…, when the Transit Mars is not connected with Natal Mercury.
- Result delivered by Mars at the sign of Gemini is…
  - Result with respect to the significance of its own (i.e. Mars) &
  - Result with respect to the significance of Gemini, Virgo, Sagittarius & Capricorn Bhavas.

- Malefic results will be the delivered by the Transit Mars, while travelling with Natal Rahu/Ketu.
- Benefic result will be delivered by the Transit Mars, while travelling with Natal Jupiter & Natal Venus.

Due to the connection of Natal Planet is with its Transit Planet.., the result delivered by the Natal Mars will not be of same kind.

IN BRIEF....

Natal planet will deliver its result depending upon the status of its Transit/Gochaara.

- When the Transit of Natal Planet is under good condition..., then the result delivered by the Natal Planet will be of Benefic.

- When the Transit of Natal planet is under bad condition..., then the result delivered by the Natal Planet will be of Malefic.

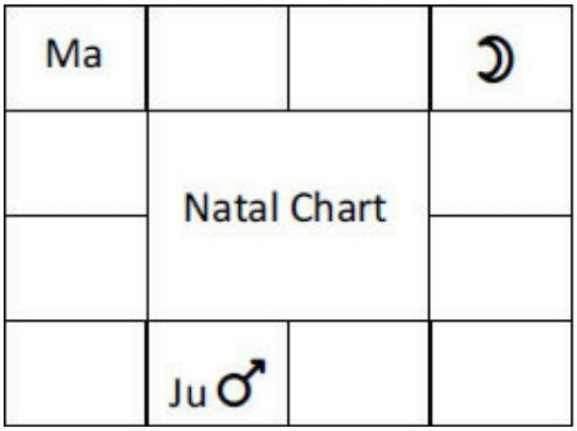
- **NOTE:** Results delivered by Natal Planets are Permanent & Results delivered by Transit Planets are Temporary.

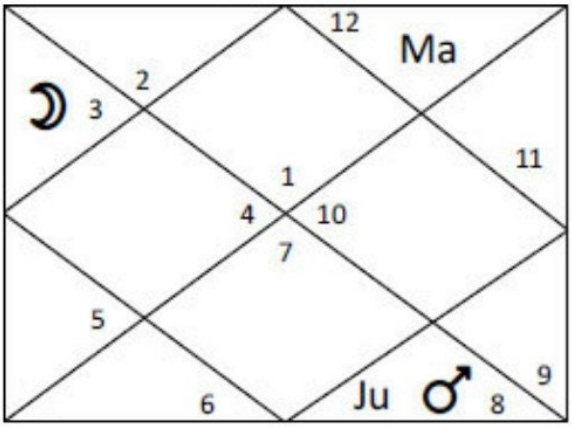
EXMAPLE – 3

OBSERVATION:

- **Natal Jupiter is** posited in the sign of Scorpion.

- Natal Mars is posited in the sign of Pisces.
- Transit Moon is travelling over the sign of Gemini.
- Natal Mars is aspecting the Transit Moon.





The client questioned about the construction of House.., which is one of the significance of Mars. Hence, Transit Mars has to be examined for the question pinpointed by Natal Mars on aspecting the Transit Moon.

CONCLUSION: The Transit condition of Mars is made use in the conclusion.

Transit Mars travelling over Natal Jupiter is indicating the construction of House for sure.

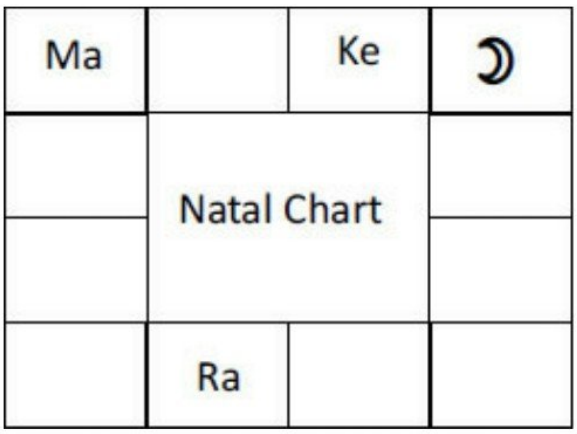
- o If the above chart happens to be a female Native & the query was regarding her husband... then the result could be - her husband being a genuine person for sure.

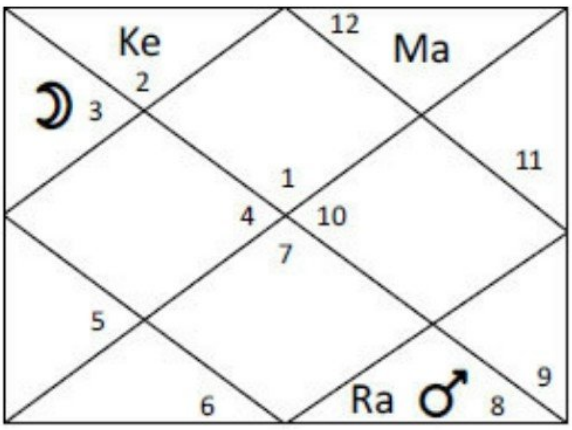
- Great qualities of Jupiter could be seen with the husband of Native at the present times, without any doubt.

EXAMPLE - 4

OBSERVATION:

- Natal Mars is posited in the sign of Pisces.
- Transit Moon is travelling over the sign of Gemini.
- Transit Moon is aspected by Natal Mars.





The client's query was regarding the construction of their House. Hence Transit Mars has to be examined for the question pinpointed by the Natal Mars on aspecting the Transit Moon.

CONCLUTION: Transit Mars travelling over Natal Rahu is indicating the construction of House could be made with lots of difficulties. Hence, the construction of House will result in incomplete condition.

- If the above chart happens to be a female Native & the question was regarding the qualities of her husband..., then it could be confidently predicted as..., Native's husband is not a genuine person.
    - The bad qualities with respect to the significance of Rahu could be seen in the activities of Native's husband without any doubt.

8. Transit Status of Natal Planet

☽ = Transit Moon ♂ = Transit Mars

☊ = Transit Rahu ☋ = Transit Ketu

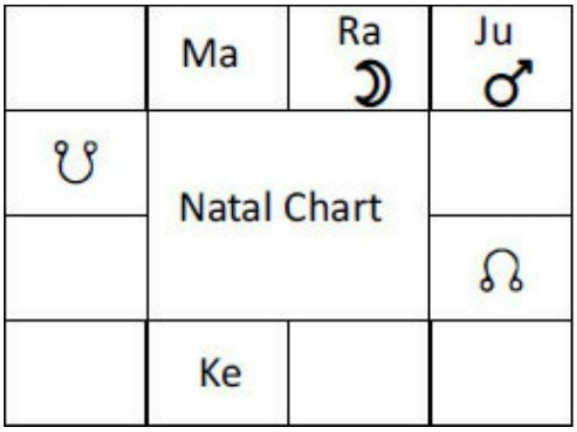
EXAMPLE – 1

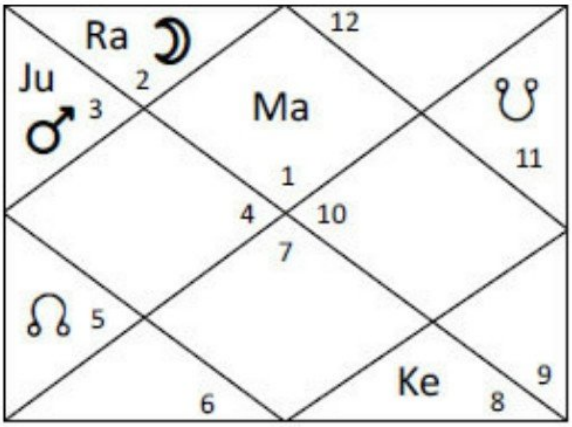
In the below chart, the Transit Moon is travelling over Natal Rahu. This indicates that the Native will have the questions regarding only the troubles being faced.

What kind of troubles?

This can be identified with the help of Transit Moon.

CONCLUTION: The Natal Planet over which Transit Moon has travelled, before reaching to Natal Rahu has to be over looked.





Here, Transit Moon has travelled over Natal Mars. Therefore, troubles related to significance of Mars have to be revealed.

NATIVE: Will I be able to resolve the problems related to property. & live peacefully?

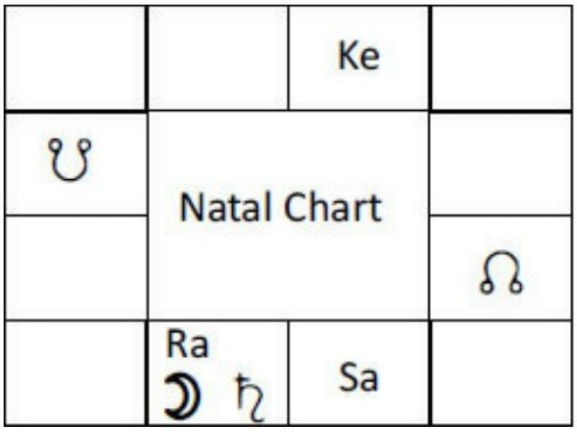
AUTHOR: Since Transit Mars is travelling over Natal Jupiter…, problems will get resolved only when.., Elderly men of the town are involved in the issue.

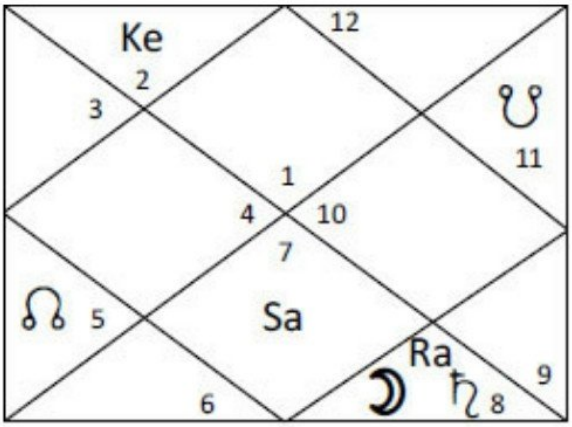
EXAMPLE – 2

In the below chart, the Transit Moon is travelling over Natal Rahu. This indicates that the Native will have the questions regarding their troubles alone.

What kind of troubles?

By implementing the rule of CHANDRA NAADI, we can analyze the problems being faced by the Native. Here, the Transit Moon has just crossed the Natal Saturn…, before travelling over Natal Rahu.





Therefore, Rahu will deliver the results with respect to the significance of Saturn. Hence, the query could be regarding the same.

NATIVE: I am undergoing multiple problems at the profession field. When will they get resolved?

AUTHOR: Since the Transit Saturn is travelling over Natal Rahu in the same sign, the problem will not get resolved at this time period. Instead, it will grow worst.

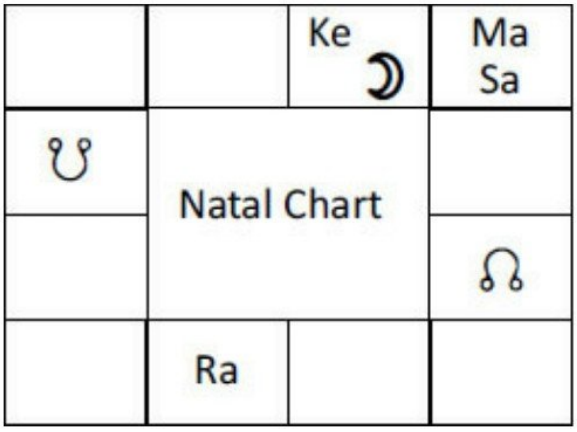
SUGGESTION: Be cautious while planning, as well as in decision making.

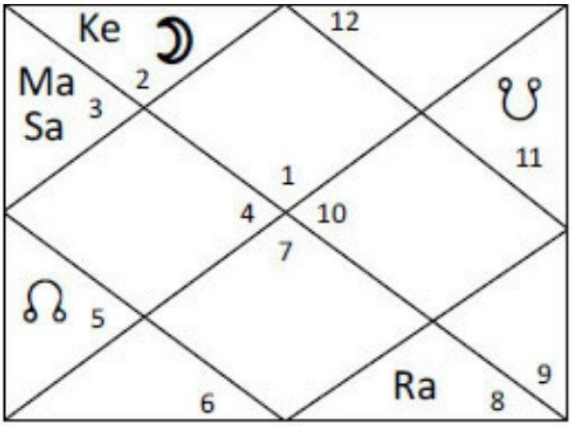
EXAMPLE – 3

Transit Moon is travelling over Natal Ketu in the below chart. Therefore, the Native's question will be regarding the problems being faced by him.

What kind of problems will be faced by the Native, in future?

Solution for future related questions can be analyzed with the help of CHANDRA NAADI RULE. I.e. In order to identify, we should examine the condition of Transit Moon, it is about to travel over.





Since, Transit Moon is travelling over Natal Ketu, and about to travel over the conjunction of Natal Mars & Natal Saturn..., the Native will get into troubles like losing the properties, and losses at Business field. This is because -

I. Ketu is the significator for Debts,
II. Mars is the significator for Property &
III. Saturn is the significator of Business.

Therefore, the Native has to be very cautious in spending the loan amount. If spent in a wrong manner, then his Property and Business will be affected. The Native was eagerly waiting to overcome his present situation.

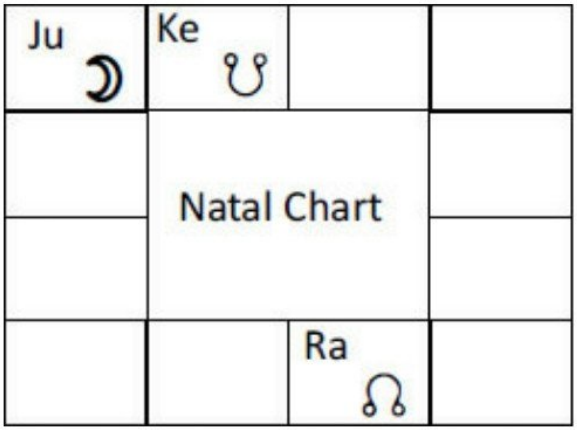
RESULT: The Native spent the loan money without proper planning's. Hence, he was supposed to lose some of his ancestral property to repay the loan.

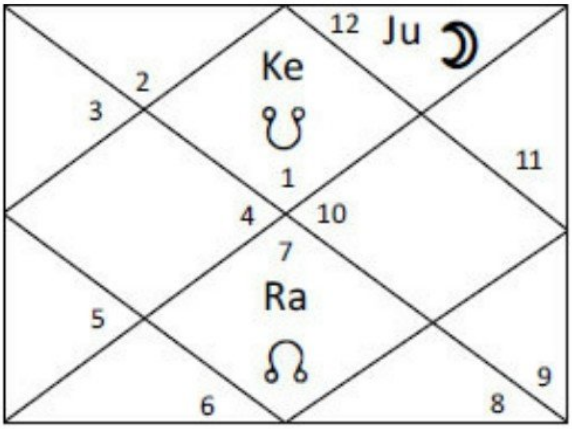
9. Malefic Placed Next to a Benefic Planet

☽ = Transit Moon ☊ = Transit Rahu
☋ = Transit Ketu

OBSERVATION:

- Transit Moon is travelling over Natal Jupiter.
- Transit Moon is about to travel over Natal Ketu. {For future results}.





AUTHOR: The present times are very good. Whereas, precautions have to be taken for the future (upcoming) events, as the time period will not be favorable.

Situation may be critical, as you will not get back the lended money or things, at proper time. Legal issue and the involvement of village council are expected.

CLIENT:

- I have enough money to overcome any kind of disputes.
- I am having a machine to count the currency notes.

(The client left the place and visited again after a few months).

CLIENT: I am under absconding at this time period. Litigation cases are filed on the name of mine. My situation is so bad that, I am unable to collect the money, which I have lended. To be frank, I don't have any connection with the cases, which are filed on the name of mine. Can you please suggest how to overcome this situation?

CONCLUSION: When the Transit Moon travels over Natal Ketu, which is posited next to Natal Jupiter…, will not allow the Native to enjoy the fruits delivered by Jupiter, for a long period.

{Natal Jupiter is posited in the sign of Pisces; where as Natal Ketu is posited in the sign of Aries}.

- Since Transit Ketu is travelling towards the sign of Pisces …, an approachment of

unfavorable time period is ahead for the Native. This situation will continue until the Transit ketu moves ahead, leaving Natal Jupiter.

Hence, a Planet placed next to another Planet indicates the future event in this manner.

- According to the RULE of CHANDRA NAADI,

- When Transit Moon touches the Planet ahead, it will indicate the future events.
- When Transit moon moves ahead leaving a Planet behind, then that preceding Planet will indicate the past events.

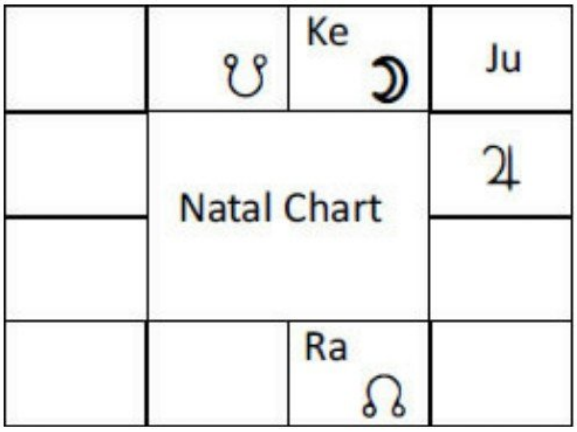
10. A Benefic Placed Next to a Malefic Planet

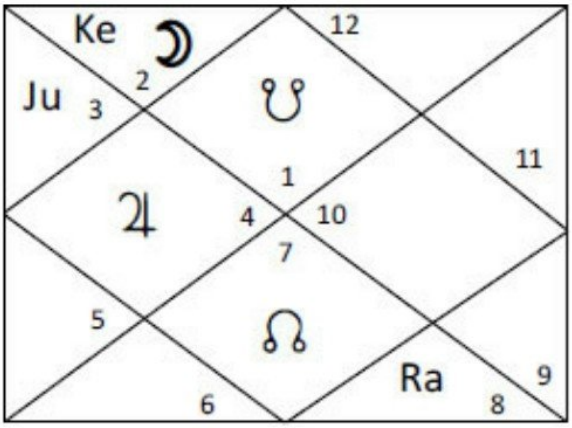
☽ = Transit Moon ♃ = Transit Jupiter

☊ = Transit Rahu ☋ = Transit Ketu

OBSERVATION:

- Transit Moon is travelling over Natal Ketu at the sign of Aquarius.
- Natal Jupiter (Benefic) is posited next to Natal Ketu (Malefic).





CONCLUTION: In the above chart, since Natal Ketu is following Natal Jupiter…, it is concluded as;

The Native will enjoy the fruits of Jupiter, as soon as he gets resolved from the problems.

- Whenever Transit Moon travels over Natal Ketu & ……

If Natal Juipter is posited away from the sign of Natal Ketu, then the Native will not enjoy the fruits of Jupiter, as soon as he gets relieved from the troubles. Native will take some time period to experience the good events of his life.

- Whenever Transit Moon travels over Natal Ketu & …..

If Transit Rahu/Ketu is travelling over the sign next to, the sign where Natal Ketu is posited…… then the Native should be given precautions regarding the new problems that would arise. Because…, as soon as the Native gets relieved from the present situation, he will be affected by different types of bad situation for once again.

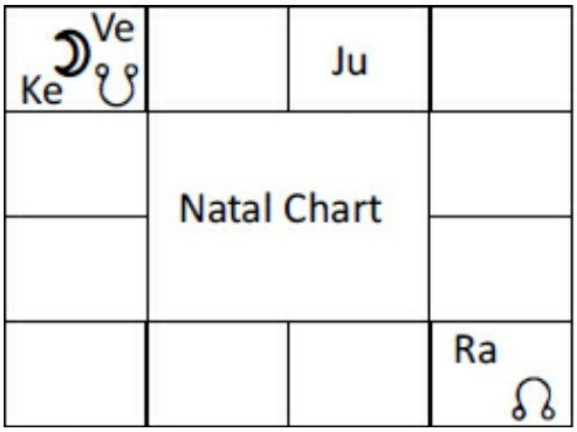
11. An Empty Sign between the Two Planets

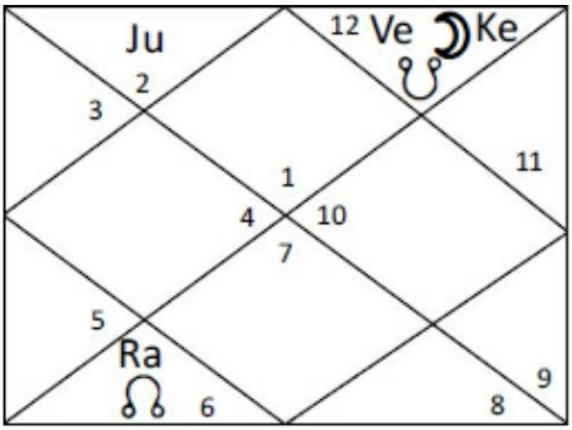
☽ = Transit Moon ☊ = Transit Rahu

♡ = Transit Ketu

Part A: Observation

- Degree of Natal Venus at the sign of Pisces is 10°
- Degree of Natal Ketu at the sign of Pisces is 13°
- Degree of Transit MOON at the sign of Pisces is 14°





AUTHOR: At present, you are experiencing resentment through your wife.

- Involvement of the village council for settlements, might have taken place in the relationship issues between husband and wife.

CLIENT: Yes sir, you are right.

AUTHOR: Try to pacify your wife for once again, as the Planets are favorable at the present times. They are also indicating a child in the future days.

CLIENT: Ah… Ah… Ah… Ah… Aha!

Sir, Divorce case is ongoing at the court. We have attempted the village counseling for many a times. My query at the present is to know, if I have the Yoga for second marriage?

AUTHOR: Planet Ketu is the significator for disputes. Right now, Transit moon has completed its travel over the degree of Ketu. Because it is travelling towards Natal Jupiter…., the problems between the couple will get resolved definitely. Good future is indicated at this time period.

[The client visited again after a few months]

CLIENT: I visited my wife's place to pacify her, soon after I left your place. She did not accept at the beginning. But later on, we got united. Now she is conceived and 6 months of pregnant. It's all your grace, please bless me?

I prayed my Diety, Lord Ganesha to bless him with good future.

This is how the consecutive Planets play the role for describing the future events.

OBSERVATION: Natal Jupiter is placed next to Natal Ketu.

CONCLUTION: The Native's wife got conceived soon after the resolvement of their relationship issue. Suppose if Natal Jupiter was posited a few signs apart and, any of the Transit Planet was travelling in between Transit Ketu and Natal Jupiter…, then the child birth would be delayed. "Delay in child birth will be according to the significance of that particular Planet".

In the above chart, since there is no Transit Planet travelling between Natal Ketu and Natal Jupiter…, the Native will definitely enjoy the fruits delivered by Jupiter with respect to its significance & Lordshipment.

Part B: Observation

Degree status of the planets in the below chart are:-

Sun- 24°54'	Moon - 24°40'	Mars - 26°29'
Mercury - 29°20'	Jupiter - 19°19'	Venus - 15°36'

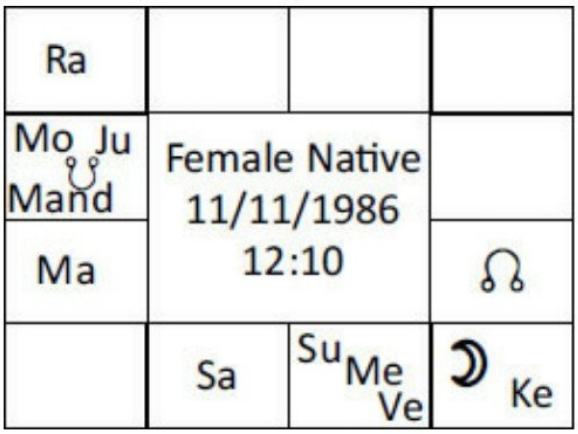
Saturn - 15°48'	Rahu/ketu - 25°31'	
Ascendant- 17°44'	Maandi - 12°54'	

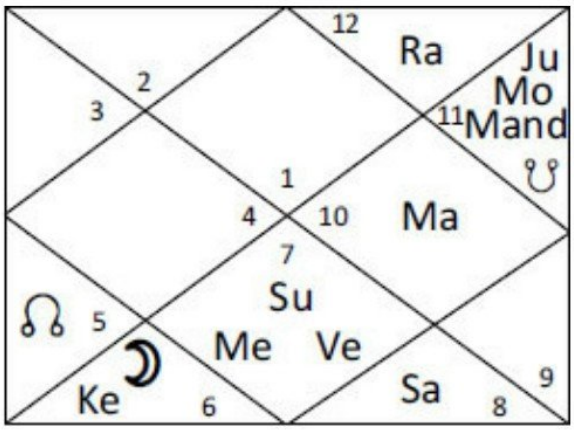
STATUS OF DASA BHUKTI:

Mercury Maha Dasa

Mercury Bhukti

Venus Anthara.





A couple has visited along with their daughter's chart written in the language of Malayalam, from a distant place. They seated silently producing the chart for me to examine.

In the above chart,

- Transit Moon is travelling over Natal Ketu at the sign of Virgo.

- Transit Ketu is travelling over the sign of Aquarius.

This indicates that the Native is suffering with respect to the significance of Natal Ketu.

What kind of trouble is being suffered by the Native?

Transit Moon that has just crossed the Sign & Planets…., before travelling into the sign of Virgo has to be examined.

In this above chart, The Transit Moon was connected with Natal Rahu at the sign of Leo, and then travelled into the sign of Virgo. Therefore, the significance with respect to the Planet and Bhava will indicate the nature of troubles being experienced by the Native.

Analyzing the Leo sign: Leo sign is aspected by the conjunction of three Natal Planets, I.e. Jupiter, Moon and Maandi from the sign of Aquarius. Therefore, the troubles delivered by Natal Ketu will be related to the significance of Planets with respect to the Bhava. Here, the troubling Planets are Jupiter, Moon & Maandi.

- The Native is strongly afflicted in the field of child birth.

CONCLUTION:

- Troubles at -

- Formation of Embryo,
- Growth of Embryo &
- Uterus part of the body.

SUGGESTION:

1. Medical treatment will help the Native in giving rise to a child. Medication is very important.

   - Native is suffering from mental pressure, since a period of seven years. She is being tortured by her thoughts, as she does not share her grief with others.

   The client and his wife maintained silence, without refusing the Author.

2. Do not get scared regarding the involvement of Black Magic and witchcraft with the Native.

   Because, Transit Moon is being aspected by Natal Rahu

   &

   Transit Moon has crossed/moved away from Transit Rahu. {I.e. Transit Moon is not connected with Transit Rahu also at the present times}.Therefore, medication under doctor's advice will definitely help the Native in giving rise to a child birth.

Reason behind Interpreting - "Since 7 years"

OBSERVATION:

- Natal Rahu is posited in the sign of Pisces.
- Transit Rahu is travelling in sign of Leo.
- Natal Ketu is posited in the sign of Virgo.

CONCLUSION: Transit Moon has travelled all the way from Pisces sign to Virgo sign, [From Natal Rahu to Natal Ketu] without getting conjuncted with any other planet, except Transit Rahu. Therefore, the effect of Transit Rahu will continue until the Transit Moon travels away from Natal Ketu at the sign of Virgo.

This is how, **CHANDRA NAADI RULE** helps in interpreting the time duration of the events.

Predicting Past events through CHANDRA NAADI.....

The rule of CHANDRA NAADI to interpret the past event is -

- Transit Moon has to be examined by placing it, in its preceding sign.
- The previous Planet that was conjuncted with Transit Moon, before travelling to the residing sign has to be examined because; it will indicate the nature of the event experienced by the Native.

In order to analyze the past events in the above chart....

On considering the Transit Moon to be travelling in the sign of Leo …, the result will be like- Transit Moon being aspected by the conjunction of three Planets namely: Natal Jupiter, Natal Moon and Natal Maandi. On examining this way, the above mentioned results could be interpreted once again.

Apart from the aspect of Planets from the sign of Aquarius…, Transit Moon is also aspected by the 8th aspect of Natal Mars, along with 10th aspect of Natal Saturn. {Here the Transit Moon is considered to be at Leo sign}. Leo sign is aspected by many Planets, at a time. Therefore, whenever the Transit Moon had travelled over the Leo sign, the Native might have undergone more problems during that particular period. Hence, this indicates about the worries and sufferings of the Native at the past.

- Point to Remember:

Whenever the Transit Moon travel over the Signs which has no Planet (I.e. Empty signs), then the Native will experience a complete loneliness.

12. When Natal Planet Connected with Transit Moon

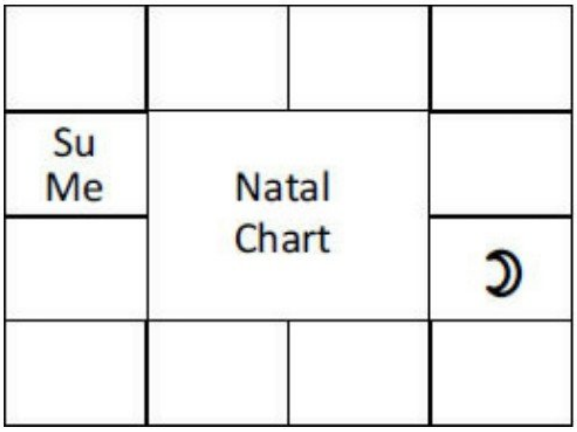
☉ = Transit Sun
☽ = Transit Moon
♂ = Transit Mars
☿ = Transit Mercury
♃ = Transit Guru
♀ = Transit Venus
♄ = Transit Shani
☊ = Transit Rahu
☋ = Transit Ketu

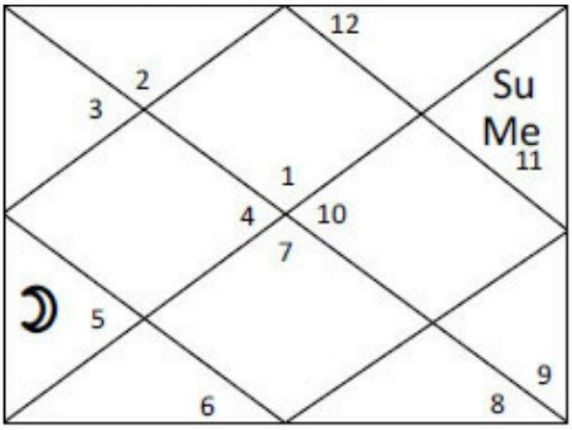
Connection happens in two ways they are,

- Transit moon combining with natal planet ; while travelling.
- Transit moon being aspected by natal planet ; directely and indirectely.

On the Day of Prediction… If…..

1. Natal Sun gets connected to Transit Moon, The question will be regarding Sun's Karakathwas





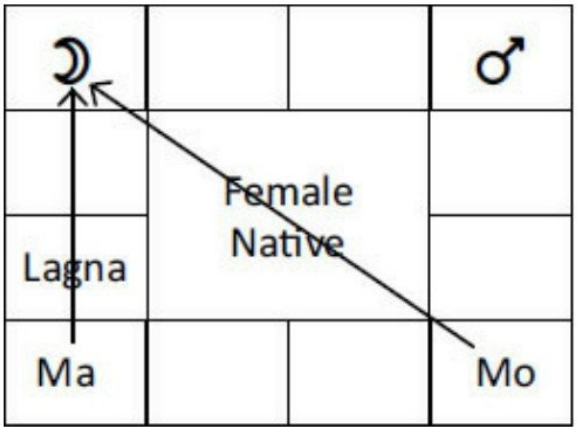
This was the horoscope of a boy and his mother had come and she asked me in which course her son should join.

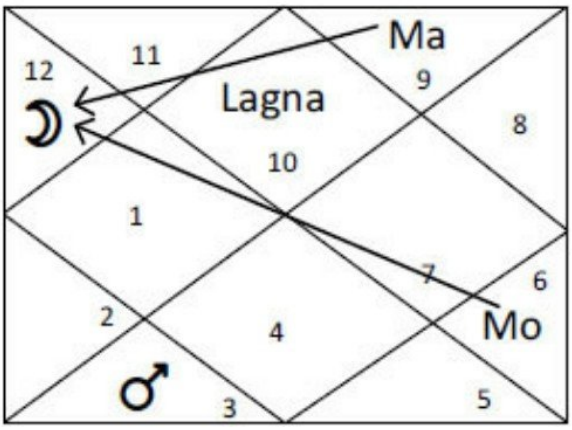
In the natal horoscope the Sun and the Mercury were placed in the Kumba rasi and they aspected the transit Moon which was transiting the star Uthra phalguni in the Simha rasi. The natal Mercury was in the star of Dhanishta (Mars) in the house of the Saturn. The Kumba is an airy sign and so combining these factors. It was recommended that the boy could join in the Aeronautical Engineering course. It was also predicted that the boy was the eldest son in the family as the natal Sun aspected the Moon. The transit Moon was in the star and the sign of the Sun which is also the lord of the 5th House according to the Kalapurusha concept. The mother told me that her son also preferred the Aeronautical Engineering course only and to get it approved he had come to consult me.

2. Natal Moon gets connected to Transit Moon, The question will be regarding Moon's Karakathwas

OBSERVATION:

- Transit moon is aspected by Natal Moon from the sign of Virgo.
- Transit Moon is aspected by Natal Mars from the sign of Sagittarius.
- Transit Mars is travelling at the 6thBhava.





CONCLUSION: The client's query will be regarding the Health problems.

- Mars is travelling in 6th Bhava therefore - Health problems have to be predicted.
- If Mars was travelling in 4th Bhava then - Property, Vehicle, House & etc related with respect to the signifcance of Mars has to be predicted.
- The Native must be suffering from two diseases. Namely -

- Uterus problems (or) problems in discharging the waste particles from the body.
- Blood pressure.

(When these two problems are put in front of the client)-

CLIENT: Yes sir, yes sir! Blood Pressure is very high and not getting down. Uterus problem is also detected.

SUGGESTION: Undergo Medication for BP with the help of doctor's advice.

EXPLANATION: Removal of Uterus will not take place because; Rahu is not connected with either Transit Moon or Transit Mars. Therefore no surgery will take place.

CLIENT: I am undergoing Medication since two years for BP sir. I did not prefer the surgery to get rid of the uterus problems until now.

AUTHOR TO THE READERS:

When the client visited for the first time to analyze her Natal Chart - Transit Moon was travelling over the sign of Pisces.

When the client visited for the second time to analyze the chart for the same problem - Transit Moon was again travelling over the sign of Pisces.

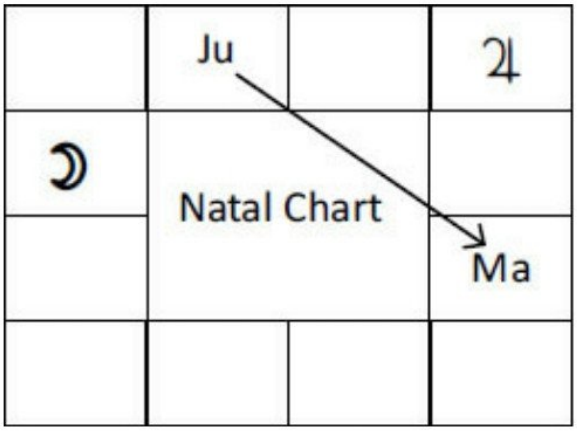
- CHANDRA NAADI will indicate the problems as well as solutions in a same manner, in spite of analyzing the chart for any number of times.
- At the times of when the problems vary - the situation of the client will not be favorable in consulting an Astrologer. (I.e. the thought will remain in the mind, but cannot be executed).

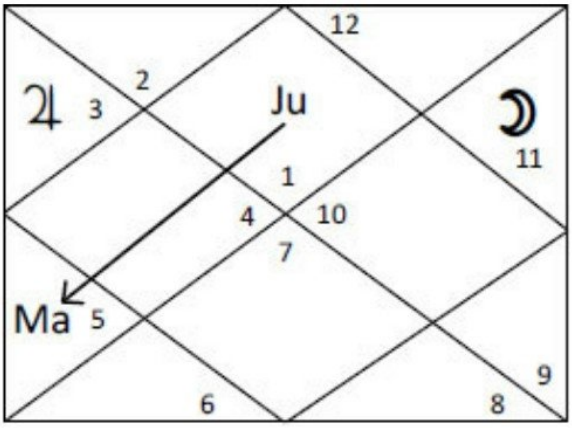
❖ This is the "Fascinating Fact" of my RESEARCH.

3. Natal Kuja gets connected to Transit Moon, The question will be regarding Kuja's Karakathwas

OBSERVATION:

- Natal Mars is aspected by Natal Jupiter
- Natal Mars is aspecting the Transit Moon.





CONCLUSION: The energy levels of Mars will increase in delivering the good results. Because, it is aspected

by Jupiter. Jupiter will contribute its nature along with the nature of its Lordship Bhavas, via its aspect to the Mars. Therefore, the action of Mars and prudence of Jupiter could be seen in the results delivered by the Mars, such as-

"A MINISTER'S RESPONSIBILITY IN THE ACTION OF A COMMANDER"

Minister = Jupiter Commander = Mars

4. Natal Budha gets connected to Transit Moon, The question will be regarding Budha's Karakathwas

EXAMPLE

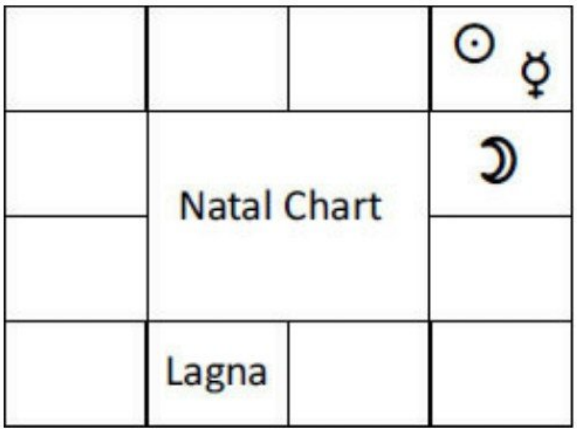
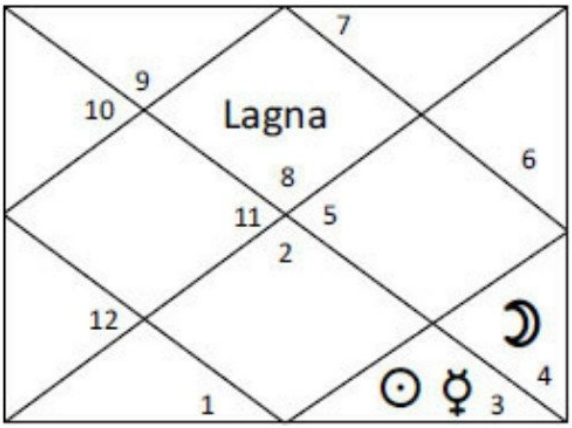
- The Native will prone to diseases at the region of Waist & Kidney areas.
- A situation to undergo Medication is for sure.

CLIENT: No such problems are seen until then. Let me wait for ..., if something happens...

(The client visited again with a break of two months).

Transit Status and Conclusion during their 2nd visit:





OBSERVATION:

- Transit Moon is travelling over the sign of Aashlesha Nakshathra.
- The placements of Transit Planets are as of the Natal Planets similar to 1st visit.

AUTHOR: The Native must be suffering from the problems related to the Rectum area and Kidney parts.

- Unless the Native undergoes Intensive care.., the recovery will not happen.
- What is the present condition of the Native?

CLIENT: We have come all the way from hospital to consult you sir.Reports are detecting the disorder at kidney region.

(The client expressed his feeling for the Native's condition..., as he was still unmarried).

SUGGESTION:

- Native will recover soon once he undergoes proper rest.
- There is no scare for survival of life.
- Native can continue his Job, soon after the recovery.

CLIENT: My son is undergoing neither Sade sati (Seven and half years Saturn), Ashtama Sani nor Ashtama Guru. What could be the reason for his suffering at this time period?

EXPLANATION:

- All the Nine Planets work accordingly without any discrimination with respect to Good & Bad.
- Good & Bad events of the life depend upon the pending karma of a Native.
- Saturn is not only limited to deliver the ill effects according to your statement.
- Saturn will also deliver the benefic results in a high range with respect to the past karma of the Native.
- Each & every Planet will deliver the result with respect to its status.
- Placement of 10th lord in 6th Bhava is indicating the disease being Kaarmic.

- 10th Lord being Sun is indicating the disease as Hereditary disease via Father(Paternal).

AUTHOR: Father's Lineage of the Native must have suffered from this disease without any doubt.

CLIENT: My Grandfather was affected with Kidney disorder sir.

(The client was consoled by explaining briefly).

EXPLANATION:

- The Native is undergoing Ketu Maha Dasa & Saturn Bhukti.
- Natal & Transit Saturn are together in the sign of Scorpion.
- Death will not take place under the condition of "Transit Moon being not connected with the Lords of Dasa Bhukti".
- Transit Moon is not connected with Maandi for the Death to happen.
- Third Lord Bhukti is delivering the Native to experience the Crisis, equal to the Death.

CONSOLATION: Present time period is very much favorable for the Native to recover therefore; do not panic in the matters of Native's survival.

NOTE:

A. Scorpion Ascendants are naturally prone to diseases at the regions of-

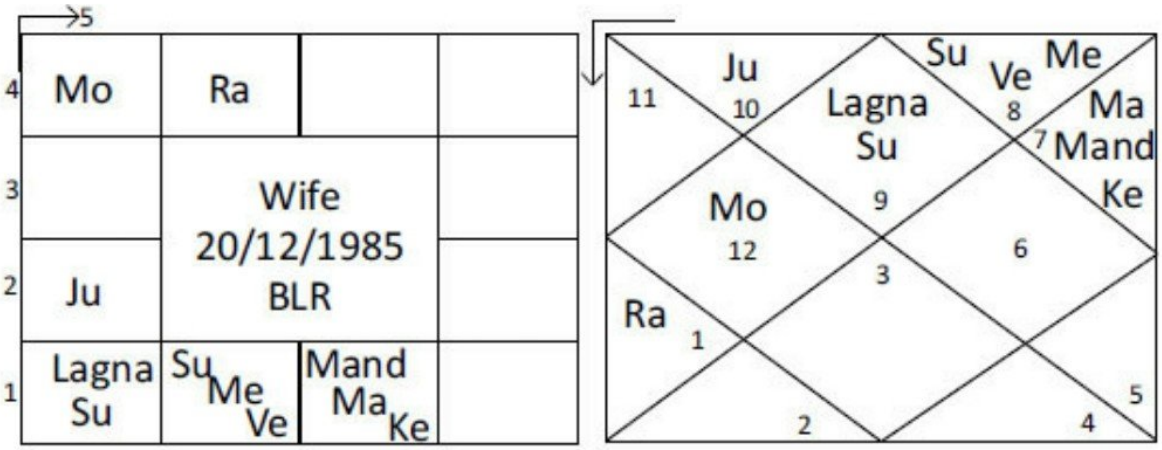
1. Rectum, 2. Kidneys & 3. Uterus.

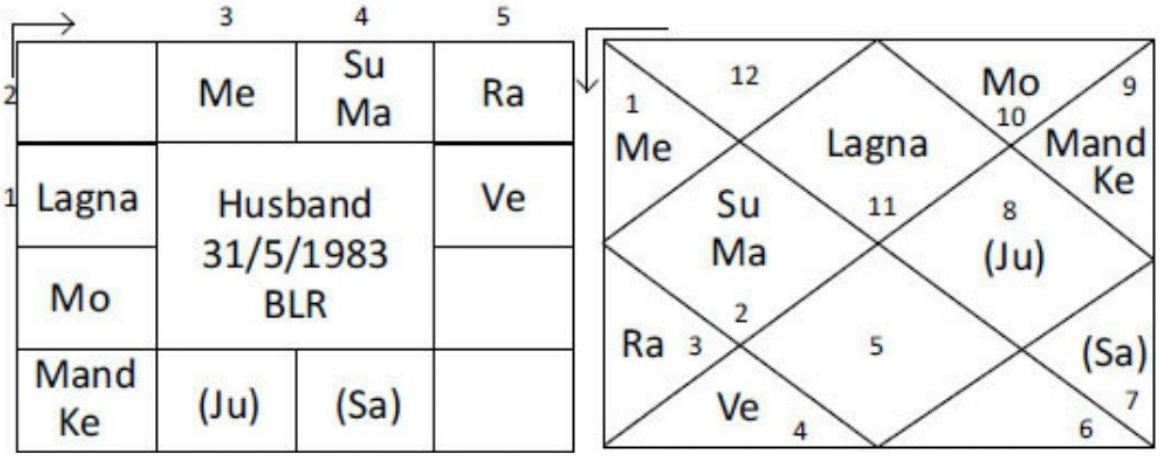
B. Diseased Native will prone to remain under the intensive care at the times of Transit Moon aspected by Natal Mars.

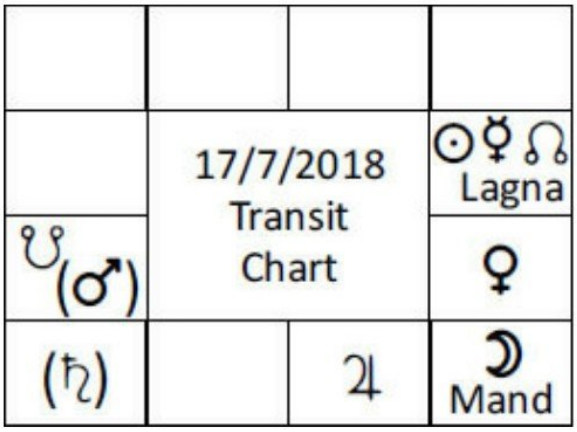
C. Diseased Native will not remain under the intensive care at the times of Transit Moon moving away from the aspect of Natal Mars.

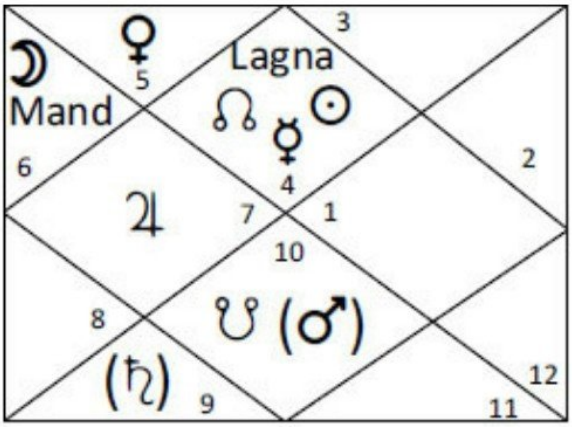
RESULT: In case of the above Natal chart...., the diseased Native was discharged from the intensive care at the times of Transit Moon moving away from the aspect of Natal Mars.

5. Natal Guru gets connected to Transit Moon, The question will be regarding Guru's Karakathwas







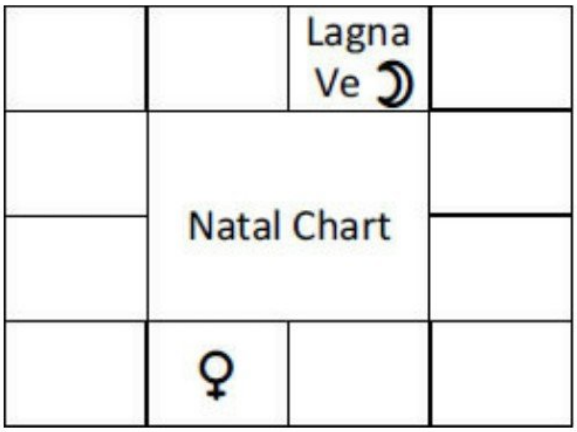


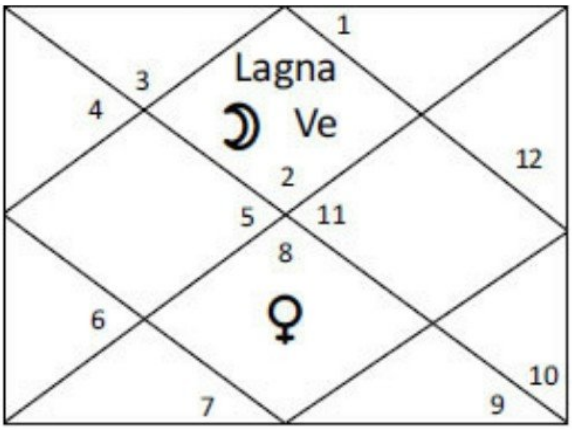
- Transit moon is in Kanya Rashi at the time of this analysis and getting connected to Wife Guru, the Karaka planet. Transit Guru in the 11th house with reference to her lagna, which indicates positive with pariharam. Kuladevatha and Naga Devatha worship is the Pariharam.
- Transit moon is connected to no planet in her husband's chart.
- Since Transit moon is sitting in the 8th and 10th Bhava for both respectively, supporting (if adoption not feasible) some under privileged child will help.

6. Natal Shukra gets connected to Transit Moon, The question will be regarding Shukra's Karakathwas

The Native is a Taurus Ascendant. The transit condition at the time of his visit for analyzing the chart is Transit Moon over the Natal Venus.

OBSERVATION: Transit Moon is travelling over Natal Venus at the sign of Taurus.





When the client was asked for, "if his query was regarding financial requirement". They accepted with saying a "Yes". When I examined for the requirement of finance...,

AUTHOR: Native is undergoing the health issue of Uterus (or) Kidney disorder. Due to the lack of money for medication under doctor's advice at the present times had made you to visit my place.

CLIENT: Yes sir, presence of tumors in Uterus region is detected in the reports. Doctor has suggested for immediate surgery which is not possible for me at the present times due to the lack of money.

Technique behind the result;

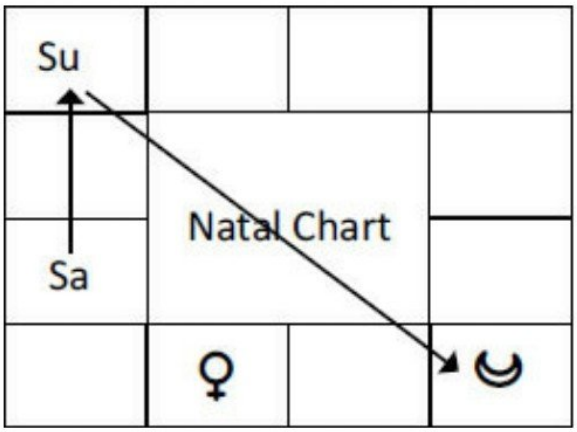
- Transit Moon travelling over the 6th Lord is indicating disease with the Native.

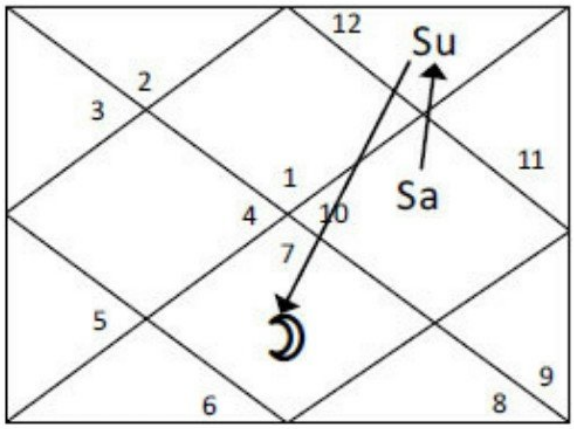
- Transit Venus travelling over the sign of Scorpion is indicating the disease at the region of Uterus (or) Kidney (or) Excretion area.
- Transit Moon over the Planet Venus is indicating the requirement of money.

7. Natal Shani gets connected to Transit Moon, The question will be regarding Shani's Karakathwas

OBSERVATION:

- Natal Sun is placed in the sign of Pisces.
- Natal Saturn is placed in the sign of Capricorn.
- Natal Sun is aspected by the Natal Saturn.
- Natal Sun is aspecting the Transit Moon at the sign of Virgo.





QUESTION: sir,Can you name the Deity, I worship?

I answered immediately as, "Godess Kaali". (Kaali situated at the premises of Burial Ground)My student stood up showing the picture of his Deity, decorated

with a garland made of skull & bones. The picture of Godess Kaali was designed with a Trishul in her hand.

What is the technique behind the answer?

- Natal Saturn from the sign of Capricorn is aspecting the Natal Sun at the sign of Pisces.
- Sign of Capricorn indicates the Burial Ground.
- Sign of Pisces indicates a well ornamented female Deity, due to the house belonging to Planet Jupiter.
- Aspect of Saturn from Capricorn is concluding the Deity as, "Godess Kaali of Burial Ground".

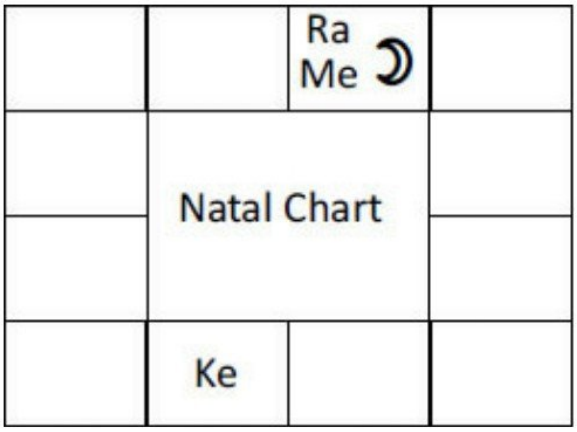
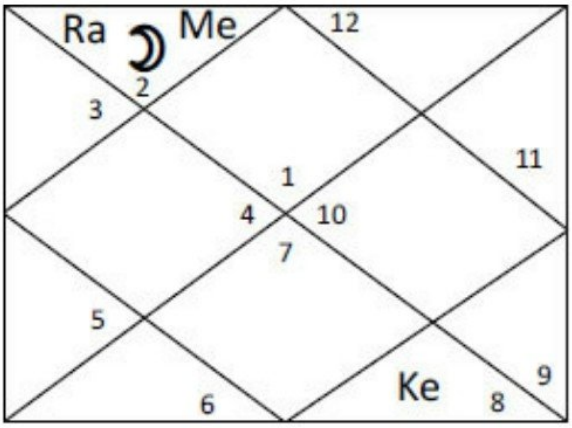
SUGGESTION: Native might be suffering from skin related disease.

- Get treated under the advice of doctor.
- Do not refuse the medication.



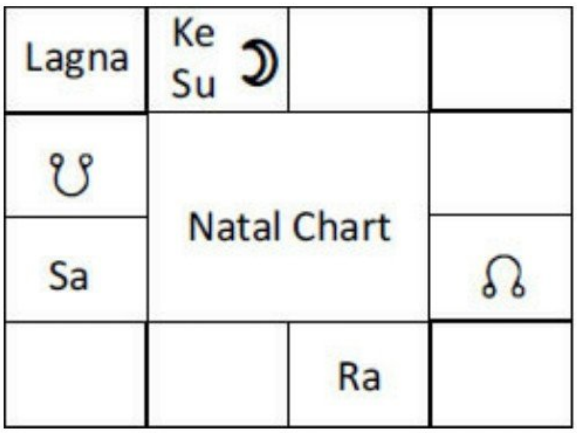


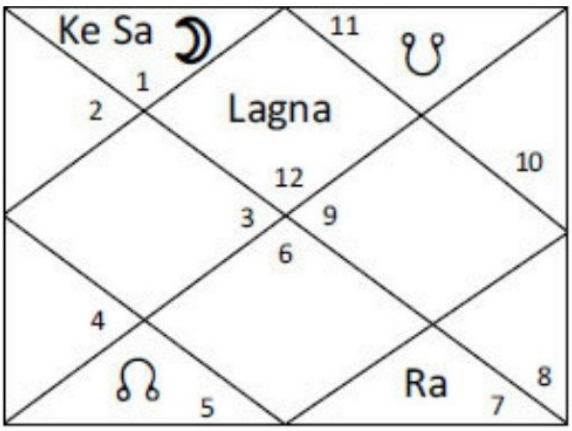
CONCLUSION:

- Mercury is the significator for skin.
- The Native is suffering from skin disease due to the conjunction of the troublesome Planet (I.e. Rahu) along with Natal Mercury.
- Transit Moon travelling over Natal Rahu is indicating that the Native will be prone to suffer the severity of skin disease because.., Rahu being the Bhukti Lord.
- Rahu has the ability to change the tone (color) of the skin.

SUGGESTION: Be cautious while treating so as to keep up the skin tone.

9. Natal Ketu gets connected to Transit Moon, The question will be regarding Ketu's Karakathwas





The Native is a Pisces Ascendant. His questions were -

OBSERVATION:

- Natal Ketu is posited in the 2nd Bhava.
- Running Dasa - Sun Maha Dasa.
- Transit Moon is travelling over the Natal Ketu.
- Transit Ketu is travelling over the 12th Bhava.

CONCLUSION: Transit Moon travelling over the Natal Ketu is indicating - to file the case in a legal manner, which will result in delivering victory to the Native. This is because...., Ketu being the significator for legal matters.

- Presence of Transit Ketu over the 12thBhava at the present times is indicating - loss in the matters of legal.
- Once the Transit Ketu reaches the sign of Capricorn..., victory is for sure.

  - Sun being the Dasa Lord & 6th Lord &
  - Its placement in 2nd Bhava is indicating - the confirmed event of legal dispute resulting in victory.

CLIENT: Sir, I am filing the case over a Government Officer...?

AUTHOR: You will win the case for sure....don't worry.

TO THE READERS: Events will take place during the times of connection between Dasa Bhukti & Transit Planets. Therefore the results of the chart have to be predicted only, at the times of Transit Moon travelling over the above Planets for the Native to accept. We too will experience the satisfaction of predicting the Natal chart.

When the client requested to predict regarding his Business issue.., I was supposed to place the Transit Moon in its previous sign (I.e. Gemini sign). Because...., past events are examined so.

According to that observation -

- Transit Moon was conjuncted with Natual Rahu.
- Natal Saturn in conjunction with Natal Mars was aspecting Transit Moon. (I.e.10th aspect).
- Natal Jupiter was aspecting Transit Moon with its 9th aspect.

CONCLUSION:

a) Huge debts in the field of Business.

b) Requirement of debts for the growth of Business.

c) Saturn in conjunction with Mars

&

Mars in Parivarthana with Mercury indicates…, success rate in getting loan either by mortgage (Mars) or through Bank Loan.(Mercury).

d) Mercury and Mars are aspecting Transit Moon at the sign of Gemini. Therefore the Native will be successful in getting Bank Loan.

e) Since the chart is analyzed by placing Transit Moon at the sign of Gemini, the process for getting Loan might have been initiated.

f) The Native will get good income, if his Business is according to work under one roof for Half a day and to travel/wandering for the second half.

CLIENT: Sir, I have already applied for the Bank Loan. I am being asked to consult the Senior Manager in the next week. - Transit Moon will be aspected by Natal Moon and Natal Venus from the sign of Aquarius.

CONCLUSION:

- Business expenses will be more in the beginning.

SUGGESTION: Saturn being Retrograde in the Natal chart, the Native should take up a well known Business with well known persons alone.

Transit Jupiter and Natal Jupiter being Retrograde in the chart, I started predicting on children.

RESULTS ARE... You might be aware of your children's nature. They live according to their wish alone. Therefore, allow them to live their life, as you cannot change their behavior.

Saturn, Mars and Jupiter are Retrograde in the Natal chart. Therefore, the Native will be adamant in the significance with respect to these three planets.

- Such Native's will not give importance to the suggestions given by an Astrologer. They listen only for the namesake.

- Here, the Native (female) might have taken a decision regarding her husband and will tend to live with the same thought throughout the life.

- She might have taken a decision on, how to run the business. If others are involved in advising her in the matters of business.., she may appear to be listening, but never implement.

- Therefore, such Natives are the children of fate. The whole life will be under the control of their fate alone.

- She might have taken some decisions regarding her children, but will never come out of the circle, she has drawn to herself. There will be generation gap between such Natives and their children.

NOTE: Only the time can bring changes in the results delivered by Retrograde Planets with respect to its significance. Changes in Native could never be brought through one's advice or suggestion.

Results of Natal Moon at the sign of Aquarius:

- Immense desires and imaginations will be more in the Native.

- Conjuction of Natal Moon with Natal Venus will make the Native to spend more money on Show off.

15. Child Birth & Chandra Naadi (V Bhava Analysis)

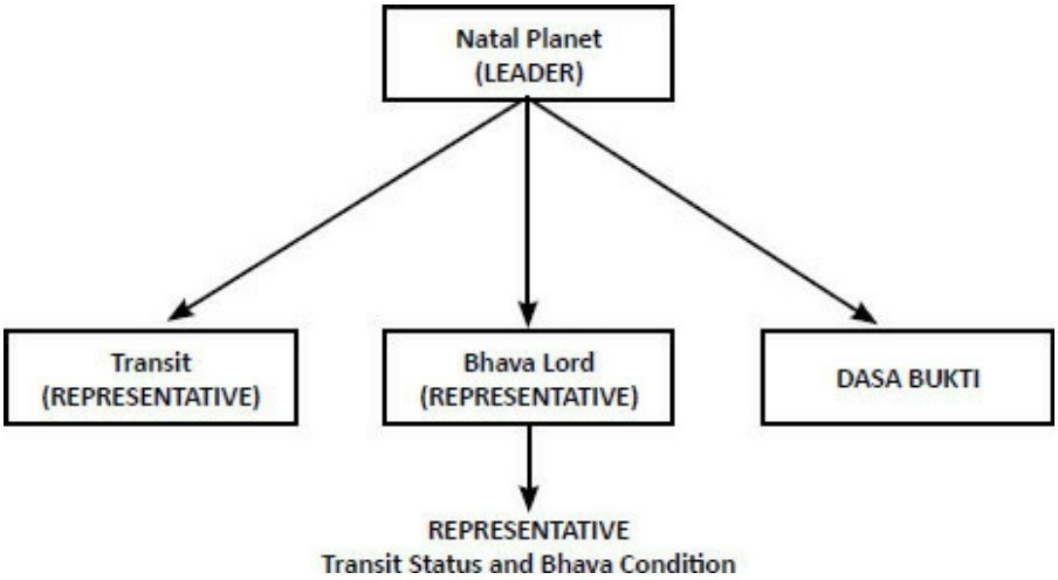
☽ = Transit Moon ♃ = Transit Guru

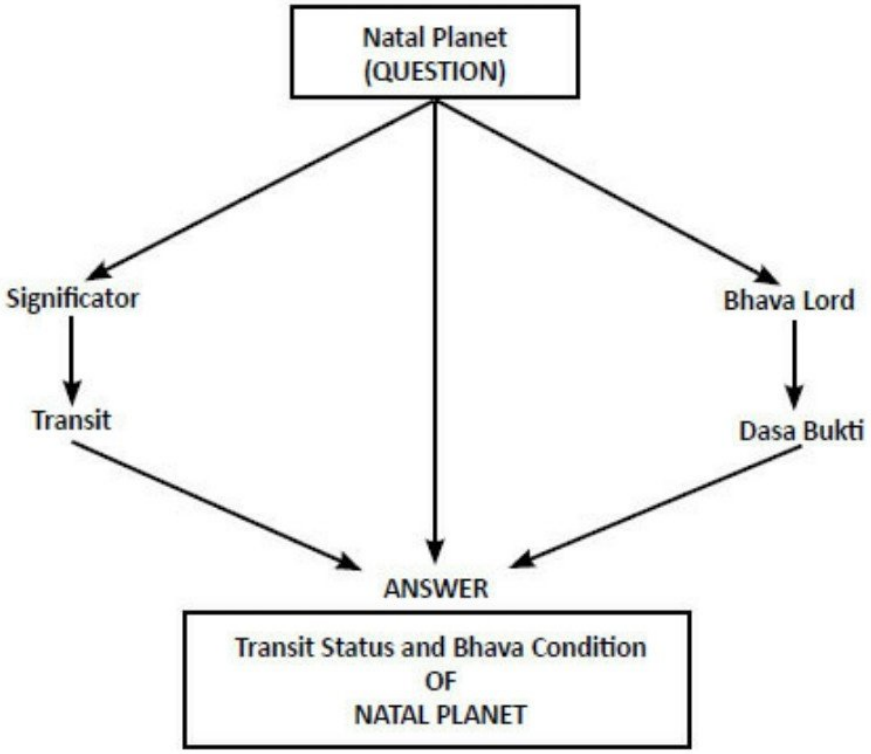
♄ = Transit Shani

- Jupiter is the significator for children.
- Nature (Character) is indicated by the significance.
- 5th Lord is the significator for childbirth & its Activities.
- Whenever the Natal Jupiter gets connected/ aspects the Transit Moon, then the thought regarding child birth/welfare of the child will rise in the mind of Native.
- Natal Jupiter will indicate the question whereas, Transit Jupiter will provide the answer related to the children.
- The strength & weakness of Natal Jupiter will be clearly expressed by the Transit Jupiter.
- If the Natal Jupiter acts as a Leader then the Representative will be its Transit. (i.e.) Transit Jupiter.

IMPORTANT RULES OF CHANDRA NAADI:

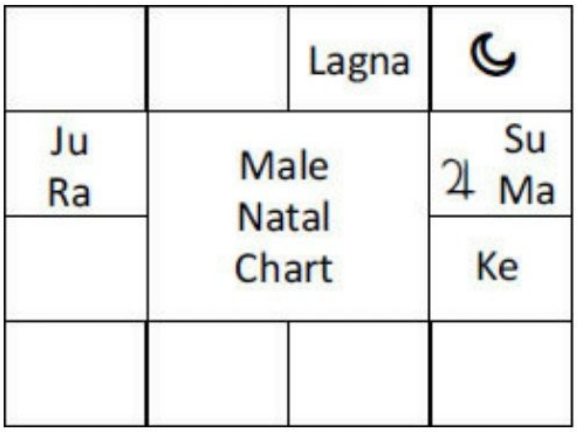
- Whichever the Natal Planet that pinpoints the question, will also indicate the answer through its Transit & Dasa Bhukti.
- Whenever a strongly posited Natal Planet looses the strength in its Transit, then the result delivered by the weaker Natal Planet will be in a poor manner.
- Whenever a weakly posited Natal Planet gains the strength in its Transit, then the result delivered by the stronger Natal Planet will be in a strong manner.
- If the Natal Planet is considered as a leader then the representative will be its Transit.
- The question is indicated by - Significator & Bhava Lord
- The Answer is indicated by - Transit Position of the Significator & Running Dasa Bhukti

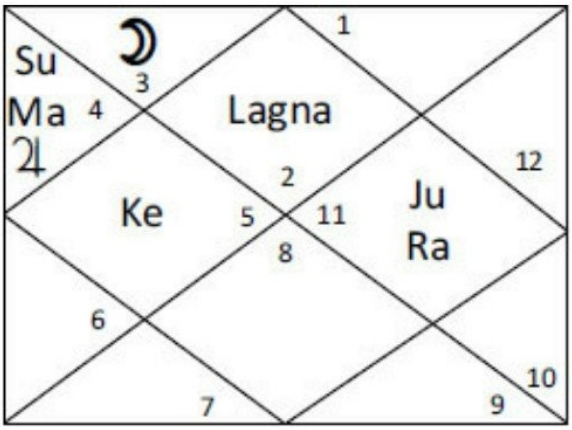




OBSERVATION:

- Natal Jupiter is aspecting the Transit Moon.
- Transit Jupiter is travelling over the conjunction of Natal Sun & Natal Mars.





ACCORDING TO THE RULE OF CHANDRA NAADI, child birth analalysis must be the query.

AUTHOR: Sperm count in the body is appearing less due to the Native's body temp being very high (or) may also due to the attack of chicken pox.

- Five years of time period is not favorable in giving rise to a child because, Ketu is running the Dasa and posited in 4th Bhava, which is 12th Bhava to the child birth Bhava (i.e. 5th Bhava).

CLIENT: Doctor's advice is to go with IVF (I.e.) artificial means of getting a child due to the less in content of sperm cells.

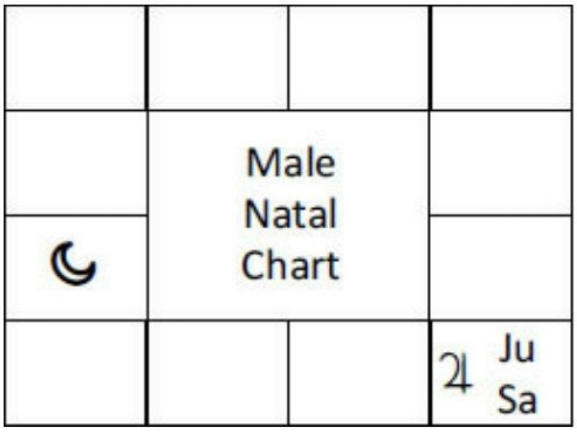
CONCLUSION: Artificial means of getting a child will not result in positive manner because; Natal Jupiter and Rahu are not connected with Transit Jupiter & Rahu.

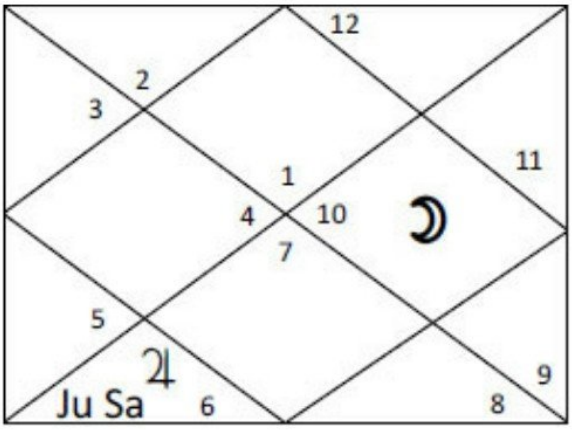
SUGGESTION: Treatment for IVF has to be initiated only after the completion of five years.

OBSERVATION:

- Natal Jupiter is in conjunction with Natal Saturn at the sign of Virgo.
- Natal Jupiter is aspecting the Transit Moon.
- Transit Jupiter is also travelling over the conjunction of Natal Jupiter & Saturn.

(The male client's query was regarding the child birth)





CONCLUSION: Child birth is delayed due to two reasons. They are -

1. Conjunction of Natal Jupiter with Natal Saturn.
2. Transit Jupiter travelling over Natal Saturn.

PREDICTION: Sperm cells of yours are not having the ability to swim ahead.

SUGGESTION: Go for medication under the doctor's advice. As soon as the Transit Jupiter travels ahead leaving the Natal Saturn…, the increase in ability to swim, by the sperm cells could be seen without any fail. Soon after.., a child also.

CLIENT: Is that the Saturn…, which is blocking the sperm? Ah…Ah…Ah… Ah… Ah…

I challenge your prediction by giving rise to an embryo, before the Transit of Jupiter.

TO THE READERS: The client did not realize about the action of Planets..., which are far away from the promises & challenges. The client visited again, once the embryo was formed after the Transit of Jupiter.

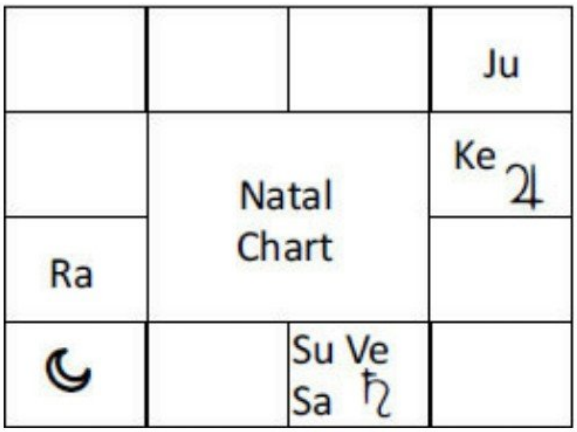
CLIENT: Embryo is not in a healthy condition. Can you please predict if any miscarriage? (Scariness in withholding the Embryo was seen in the client).

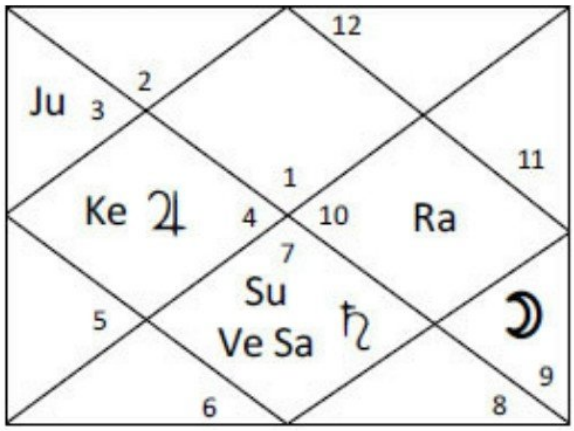
AUTHOR: As the Transit Jupiter is away from Natal Saturn, the condition of the Egg (Embryo) will be safe. Be ready to welcome a healthy child.

OBSERVATION:

- Transit Moon is travelling over the aspect of Natal Jupiter.
- Natal Saturn conjuncted with Natal Sun and Natal Venus is also aspecting the Transit Moon.

(The client has enquired about his son).





1. **CONCLUSION:**

- Transit Jupiter & Transit Saturn has to be considered to interpret the answer.
- Transit Planets which are travelling over the Natal Jupiter & Natal Saturn should also be considered.
- Dasa Bhukti will conclude the result depending upon the activities of the above Planet.

AUTHOR: Is your query regarding income through the employment & marriage of your son?

(The client shed his tears on hearing to my questions and accepted me)

AUTHOR:

1. Are you finding difficult in performing the good events like marriage etc?
2. Earnings are not up to the mark at the work place of Native's son?
3. Is he finding lack of opportunity for his efforts?

CLIENT: Yesssss.... yess....

2. CONCLUSION:

- Natal Jupiter & Natal Saturn are aspecting the Transit Moon therefore..., "the delay in marriage".

- Transit Saturn is aspecting therefore..., the word "Income through employment" is used. Because, Employment is the significance of Saturn.

Conclusion (1) has to be analyzed in order to predict the query of the client.

ANALYZATION;

Transit Jupiter over Natal Ketu will -

- Obstruct the good events to happen.
- Not allow the Native to get married for 1 1/2 years from now.
- Make the Native to behave like a saint. (Therefore, he loses his interest in getting married at this time period).

Transit Saturn over the conjunction of Natual Sun & Natual Venus is indicating -

- The status of income through his employment.
- The hike in his income through a great job.
- The present time period is favorable to earn good income through a person belonging to Christianity/Christian countries.

CLIENT: I am scared to see my son with saintly behavior at the present times. As you said, he is also trying for foreign jobs.

AUTHOR:

- Your son will never become a saint. Therefore, you need not be scared at his present appearance.
- As soon as the Transit Jupiter moves ahead leaving the Natal Ketu...., immediately the changes in son's behavior will be seen.
- His saintly appearance will get transformed into a spiritual person at the beginning and soon he will be ready for getting married.

Saturn in trine with Natal Jupiter:

- Native's children will find bitterness in their later life. This will take place from the age of 24 to 36 years.
- Children will appear to be saintly because of the bitterness in life.

CONCLUSION: They have 99% of chances to lead a great married life.

- Native may also suffer due to -

1. Situation like, the children not getting married.
2. Separation in the married life of their children.

3 Absence of children in the children's life.

SUGGESTION:

- The Native should provide the lenience to their children in living according to their wish.
- The Native should make them understand in leading the life according to the trend at the times.

Natal Ketu posited NEXT to Natal Jupiter:

Such a planetary placement in the Natal Chart indicates the Native to undergo -

Debts (or) Legal disputes (or) (Saintly behavior at the times of Jupiter & Ketu when gets connected).

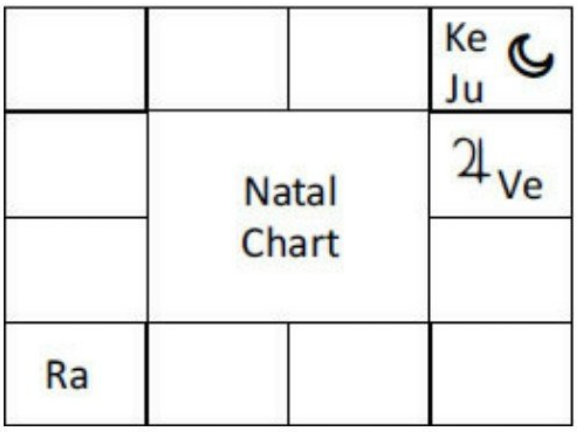
SUGGESTION: No Crisis is found in this combination to get scared.

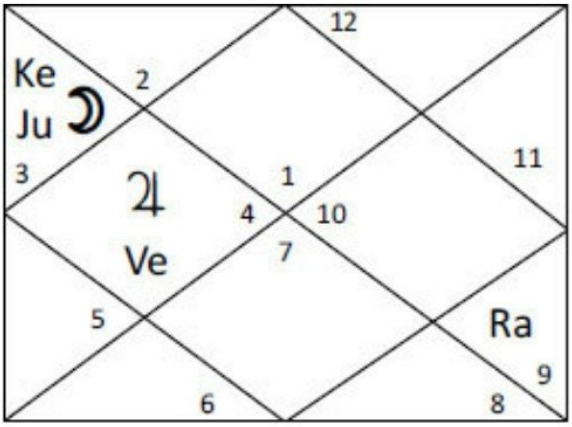
NOTE: When Natal Jupiter & Natal Ketu are in conjunction in the Natal chart, and if Transit Jupiter happens to travel over the Natal Venus.., then -

- The Native will enter into the life of family from the life of spirituality.
- Chances are more for the Native in getting into multiple relationships in the life of family.
- Native can resolve him from debts, diseases and legal issues at these times, if undergone help from ladies.

OBSERVATION:

- Transit Moon is travelling over the conjunction of Natal Jupiter & Natal Ketu. (Gemini sign).
- Transit Moon is about to touch the Natal Venus at the sign of Cancer.
- Transit Jupiter is travelling over the sign of Cancer.





I confirmed it with the client, if his questions were regarding the marriage of their daughter and her welfare.

(Leaving no time for the client to answer..., I continued with the predictions).

EXPLANATION:

- Your daughter will get married before the Transit Jupiter moves into the Leo sign, from the sign of Cancer.
- You will get good money along with the marriage event.

- Child birth will be delayed in the life of your daughter, due to the presence of Puthra Dosha in the Natal chart.
- Native will give rise to a child after a few years of her married life.

(The client happily left my place then..., and visited again when the Natal Jupiter & Rahu were connected).

AUTHOR TO THE READERS:

According to the predictions..., the Native got married and tried for a child to get conceived, which did not happen. This is because of the presence of Puthra Dosha in the Natal Chart indicated by the Planets.

SUGGESTION:

- Native should put down (decrease) her body weight.
- Medication under the doctor's advice is compulsory

(I increased the confidence level in the client and assured him in the matter of Child Birth, in the Native).

TIP - 1

1. When Natal Jupiter is conjuncted with Natal Ketu - The body weight of the child will be reduced.

2. At the times of Transit Jupiter connected with Rahu - The body weight of the child will be increased.
3. At the times of Transit Jupiter connected with Ketu - The body weight of the child will be decreased in more.

(The change in results are due to the condition of Transit Planets which intern, deliver their strength & weakness to the Natal Planets).

TIP – 2

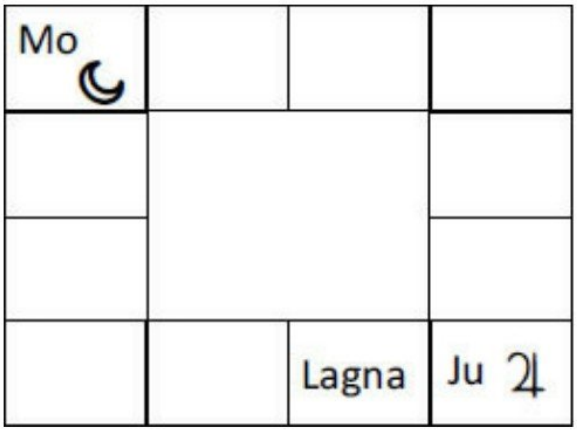
When Natal Sun is conjuncted with Natal Venus…, then-

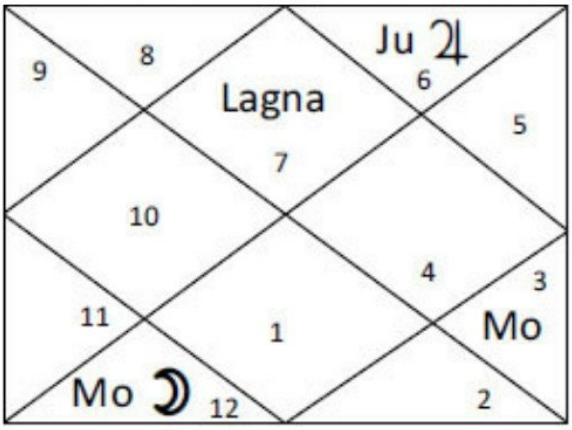
- Administrative expenses will be more at the times of exalted Transit Venus.
- Suffering due to lack of money for administrative expenses, at the times of debilitated Transit Venus.

Expenses are related to Administration is confirmed by the Natal Planet whereas; the High & Low expenditure will be indicated only by the Transit Planet.

OBSERVATION:

- Transit Moon is travelling over the Natal Moon at the sign of Pisces.
- Transit Moon is aspected by Natual Jupiter from the sign of Virgo.





CONCLUSION: Moon is the significator for body.

- Transit Moon travelling over the Natal Moon is indicating - query regarding the health problems.
  - Since Pisces sign is the 6th Bhava and Moon is the significator for body - Health issues/diseases are confirmed.
  - Since Jupiter is aspecting the Transit Moon, and being the lord for 6th Bhava (i.e. Lord of Joy & disease giver) - Health related issues will be severe in nature.

SUGGESTION:

- Native has to undergo medication for health issues.
- Good events will happen soon after the recovery.

AUTHOR TO THE READERS: The Transit of Jupiter and Moon are in same position as of the Natal

Planets. Such combination will confirm the presence of disease in the Native.

Jupiter is a Benefic Planet therefore - the client is suggested to go with medications in order to get recovered.

Good events belong to the significance of Jupiter therefore - the Native will soon become a father, as early as he gets recovered.

(The client was happy to hear the above news and left my place).

AUTHOR: Is any of your family men suffering from Cancer disease?

CLIENT: It is my father. Why sir? Anything serious? (Spoke in a stammering manner).

(The client was listening with a low confidence level).

- Don't worry in the matters of your son because - he will do great after a few months of time.
- Take care of your father well because - This is the time period to get recovered.

(The client visited again a few months later to intimate the behavior of his son, and his father being recovered up to 85%).

EXPLANATION: Transit Venus travelling along with Transit Ketu at the sign of Aquarius is indicating the presence of allergy in the region of Kidneys.

154- I would have suggested for the surgery because of Rahu connected…, with the connection of Transit Moon, Natal Mars and Natal Venus.

CONCLUSION: Since the Dasa status at the time of analysis was – Venus Maha Dasa, Venus Bhukti, Mars Anthara

And Rahu was also not involved.., therefore surgery was not suggested.

- The Native was not prone to sufferings at the times of - When Natal Venus was aspecting Transit Moon.
- Whereas the Native will prone to sufferings due to the increase in intensity of the disease here after, at the times of Venus & Mars getting connected with Dasa Bhukti & Anthara.
- Also if Rahu/Ketu happens to travel at the signs of Scorpion & Libra. (I.e. 7th & 8th Bhava) during the above times - then the intensity of disease may either increase or decrease.

NOTE:

- The events delivered by the Natal Planets when connected with Transit Moon will last

for long period during the times of their own Dasa Bhukti

- The events delivered by the Natal Planets when connected with Transit Moon will last for short period, unless they run their Dasa Bhukti.

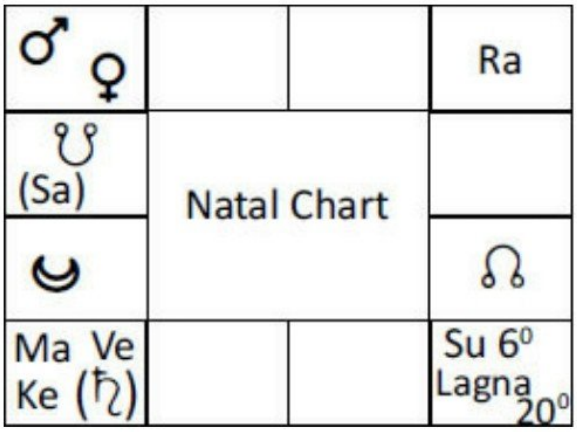
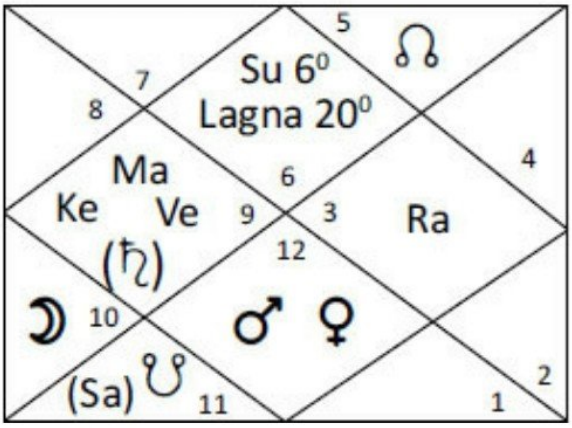
CONCLUSION: The client's query will be regarding the future events because -

- Trine is the indicator of the future events.





- The past events are concluded with the help of Planets present in the previous sign to Transit Moon.
- According to the above rule..., Sagittarius is the previous sign to Transit Moon.(Capricorn).
- Since Natal Mars, Natal Ketu & Natal Venus are posited in the sign of Sagittarius - the significance of the above Planets and their Lordship Bhavas has to be analyzed.

  - Transit Moon is about to travel over the Natal Ketu.
- You can find victory in the legal matters only when the debts are huge because -
  - Natal Ketu is aspected by Natal Jupiter.
- The chances for victory are more in sure because -
  - Present times are favorable for the victory.

- Jupiter being running the Dasa.... the aspect of Jupiter will be strong enough in providing the victory.

CONCLUSION:

- The client's query was regarding the long term debts & his Business in future because -
  - Transit Moon is travelling in Trine with the Natal Saturn.
- The industrial Crisis & legal disputes are interpreted for future because -
  - Transit Ketu is about to travel over the Natal Saturn.
- Now let us analyze the Planetary placements which are responsible for delivering such events in the life of Native.
  - Conjunction of Mars & Moon.
  - Moon aspected by Mars.

NOTE: Native with Mars and Moon placed in different signs with same degree will also have the greed in accumulating the House & Landed properties. The Joy experienced through the greed will make the Native to suffer for ten times of the joy..., if the combinations in the Natal chart are as below.

- Conjunction of Mars, Moon & Rahu/Ketu

(Or)

- Rahu/Ketu in Trine with the conjunction of Mars & Moon.

(Or)

- Rahu/Ketu posited next to the sign of Mars & Moon conjunction.

LIMITATION FOR SUCH NATIVES ARE:- Native should have control over his desires in accumulating Vehicles, Machineries, Housing & Landed properties,

RESULT: Unless the Native implements the habit of leading the life with whatever is provided..., then the Native will not be supposed to face the troubles.

Let us examine the above Natal chart, for the mistake made by the Native: Once a friend of Native had motivated to buy a piece of land which was on sale in their surrounding, so as to earn profits by selling it. The Native also purchased the land according to his friend's suggestion.(When the Native was about to sell the land a few months later.) soon a Politician got involved with an encumbrance. The legal dispute (Case) filed on that land had made the Native busy, due to which he could not pay attention towards his Business. The rate of interest for the purchased land and the expenses for legal dispute resulted in huge loss of money, which leads the Native to undergo even more debts. At present condition with lots of expenditure, the case is about to result

in a favorable manner. Now the Native is so fed up to hear at the name of land even.

CONCLUSION:

- Desires in purchasing the Landed property is due to the conjunction of Moon & Mars.
- Saturn aspecting the conjunction will increase the urge in buying the Land through the credit money.
- The credit made for fulfilling the urge is the main cause for undergoing these many troubles.
- The reason for the Native's desire in earning profits through buying & selling the Land is to improve his Business.
- The Native stepping ahead to purchase the Land through the credit money is due to the 4th aspect of Mars over the Planet Ketu.
- The Native was able to get the credit easily on basis of his Business due to two reasons. They are:
    - No Planets being posited between the Mars & Ketu.
    - Saturn aspecting Ketu..,

This in turn increased his debts in purchasing the Land, and expanding his industry with more machinery.

- Crisis on land through a Politician is due to the conjunction of Mercury with exalted Sun.
- The Native got to know the Land on sale through his friend is due to the conjunction of Parivarthana Planets. (I.e. Mars & Mercury).
- The Native was supposed to face the dispute in a legal manner is due to the aspect of Mars over Ketu. Legal disputes are confirmed in the matters of landed property due to:
- 4th aspect of Mars over Ketu before the Parivarthana &
- 8th aspect Mars over Ketu after the Parivarthana.

- Transit Moon is indicating to interpret the results delivered by the Natal Planets at the present times.

Aquarius sign & the imaginations: Placement of Saturn at the sign of Aquarius will make the Native -

- To increase his confidence level in running the Business.
- To expand his Business using modern machineries in a large scale manner.
- To run the Business in a competitive manner.
- To not worry for the expenses made in the growth of Business.

Results of Mars aspect over the sign of Aquarius: Aquarius sign aspected by Mars in a Natal chart will

increase the thoughts in Native's mind, to earn more & more properties like - land, house, machinery & vehicles in order to gain name & fame which intern, make an identity in the society. Such kind of thoughts will flow like a river in the mind of Native together with similar circumstances.

Whereas the difficulties experienced by the Native, in making properties with respect to the significance of Mars is unimaginable.

NOTE:

1. Planet placed in the sign of Aquarius.
2. Planet aspecting the sign of Aquarius.
3. With respect to the significance of planet and its Lordship Bhavas –

Are the fields where Native will increase his fantasies to an extreme level.

- One who values his fantasy will be concluded as his friend by the Native.
- One who opposes his fantasy will be concluded as his enemy by the Native.

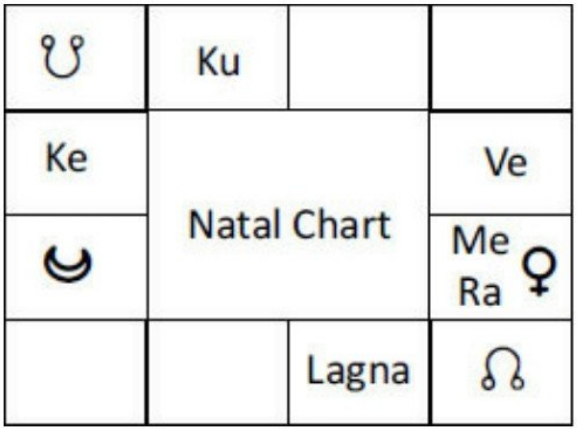
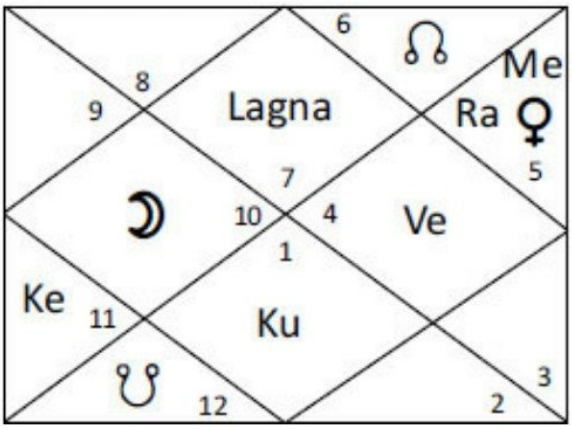
OBSERVATION:

- Natal Venus is aspected by the Natal Mars.
- Natal Venus is aspecting the Transit Moon.

When the client was asked for- if his query was regarding his wife & condition of his economy..., he shook his head in a wider manner intimating the answer as “yes”.





The client’s query was regarding his wife being not affectionate to him, since a period of few months..., in spite of him being affectionate to her at all the times.

CONCLUSION: As the Transit Moon is aspected by Natal Venus..., the transit condition of Venus & the travelling Bhava has to be examined.

The change of nature in the wife is true because -

- Transit Venus is travelling over the conjunction of Natal Mercury & Natal Rahu.
- Transit Venus is about to travel over the Transit Rahu.

EXPLANTATION: It will take two years of time period for the wife to change her nature back.

- Enquiring the wife in a hurry manner will result in quarrel.
- Chances of getting separated if questioned her suspiciously.
- Wife should be handled cautiously, so as to avoid the conflicts.
- She is in fond of illegal friendship due to Transit Venus travelling over the conjunction of Natal Rahu and Natal Mercury.

SUGGESTION:

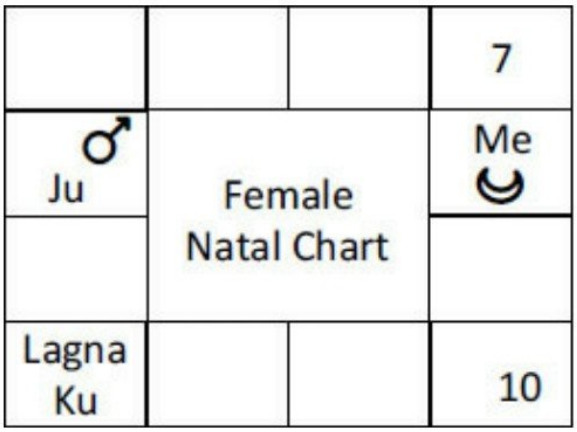
- This time period is not favorable to make her understand.
- Try not to maintain distance with her.
- Just ignore, if she speaks at the phone for a long time.
- Give her more responsibilities at the family.
- Be patient & affectionate to her for two more years, as she will not get separated from you.

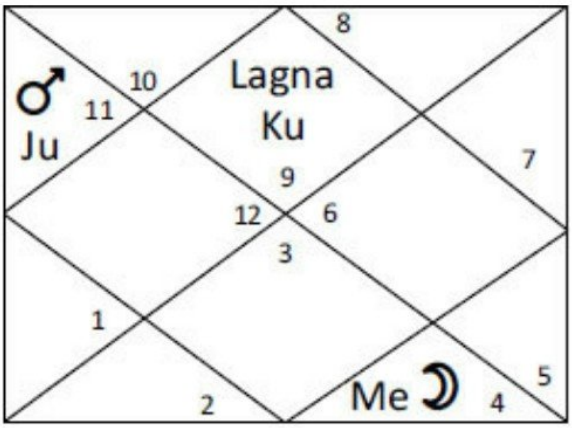
AUTHOR: Transit Venus travelling over the 11th Bhava is indicating no such separation. She will eagerly wait to enjoy the life according to her wish. She will not even hesitate to lie & do mistakes.

SUGGESTION: It is your Karma to tolerate her, which is beyond everything.

OBSERVATION:

- Transit Moon is travelling over the Natal Mercury at the sign of Cancer.
- Transit Moon is aspected by Natal Mars from the sign of Sagittarius. (8th aspect).
- Native is a female client.





When the client was asked for - if any relationship issue between the couple rose due to one of the friends-(The client nodded her head in a silent manner).

CLIENT: Sir, I am undergoing multiple problems right now. I am impressed to one of my colleagues who behaves very well to me. Initially he was a casual friend of mine which intern made me to depend on him for each and every minute thing. Situation is so critical that "I am unable to remain without his presence and speaking to him."Husband is forcing me to work anymore.

AUTHOR: Your husband will get to know all the activities of your friend, where as your friend will not know about your husband.

CLIENT: Yes Sir, exactly. He reveals each and every thing as of CCTV Camera. He also spoke about the immaturity of my friend. The present times are to decide either family or friend. Please suggest me.....

AUTHOR: Friend is not permanent as he will change his mind set.

SUGGESTION: Stay away from the friend so as to take care of your family. You will lead a better life in future by constructing a big house. Make the friend understand you feelings. Express your emotions with the husband and begin to live in a faithful manner.

(The client stayed for one more hour to clear the doubts related to her family life in details).

RESULT: The client accompanied her husband after the completion of two years to enquire regarding the construction of their new house.

CLIENT: Thank you sir, we are leading the life without any issues.

PREDICTION TECHNIQUE:

1. Mars is aspecting Mercury..., where as Mars is not aspected by Mercury. Therefore – Activities of friend will be known to the husband..., where as the Activities of husband cannot be known to the friend.

- Because, Mars is the significator for husband & Mercury is the significator for friend.

2. Placement of Mercury in the sign of debilitated Mars indicates.-Impressing qualities of friend will not be found in the husband, which made the Native to depend upon (or) these impressing qualities of the husband may not be expressed with the Native. Therefore, it is the duty of wife to make him understand in expressing such qualities towards her, in order to lead a happy & healthy life.

    - If the husband is able to impress the wife through his expressive nature, then the wife will be affectionate to him. Also, she will not concentrate on others.

❖ It is the duty of Astrologers to suggest the client in an above explained manner, if necessary.

3. Transit Mars travelling over the Natal Jupiter indicates - Problems will not rise through Husband. Why?

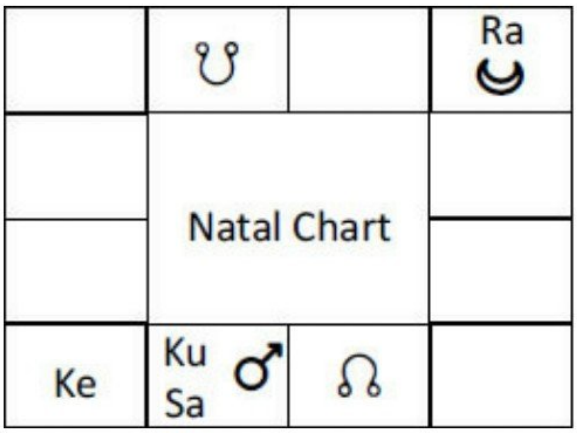
    - Because the Transit Mars is not travelling over either Rahu or Ketu.
    - The couple will consider the welfare of children, and live without any problems.

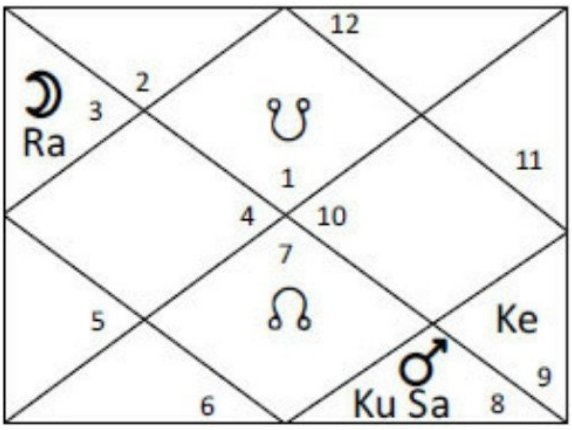
4. If the Transit Mars travels over Natal Rahu/ Ketu.....
    - Problems will rise through husband.
    - Husband will have the intension in taking the revenge.

(Transit is clearly indicating the time period of the qualities expressed by the Native).

OBSERVATION:

- Transit Moon is travelling over the Natal Rahu at the sign of Gemini.
- Transit Moon is aspected by Natal Mars, which is conjuncted with Natal Saturn.





CONCLUSION:

- **Transit** Moon over Natal Rahu is indicating events like-

    i) Relationship breakups,

    ii) Consuming position,

iii) Bitterness with the life &

iv) Accidents in the family.

- Transit Rahu over the sign of Libra is indicating separation from the husband.

Results of Transit Moon travelling over the aspect of Natal Mars, conjuncted with Natal Saturn are -

- Transit Mars travelling over the sign of Scorpion is indicating the separation of Native from her husband & the family.
- Looking forward for the justice by Native will result in causing problems, which intern initiates the process of separation.

CLIENT: Family issues have grown serious; shall I go with the village council?

AUTHOR: Either you visit village council or not.., separation is confirmed. Therefore, be cautious in not expanding the fight to a greater manner. The relationship between the husband & wife will not remain as before.., after getting united.

You will lose the chance of getting united with your husband again..., in case of problems getting increased at the village council.

RESULT: The couple got separated within a short period of time. At present they are in contact with

each other, but not in the way of husband - wife relationship.

Conjunction of Mars and Saturn in the relationship of marriage:

- Mistakes with the couple in the beginning will exist as a crime in the later years. Still, there will be no separation between them.
  - The couples who do not exhibit their problems are living together.
  - The couples who ignore each other's mistake are also living together.
- Such a conjunction in the Natal chart is called as "Thaara Dosha".
  - In order to escape from the difficulties of this Dosha.., one should not commit any mistake. If committed..., then the mistake should not be exhibited. **It has to be ignored, in spite of knowing the commitment of each other's mistake.**

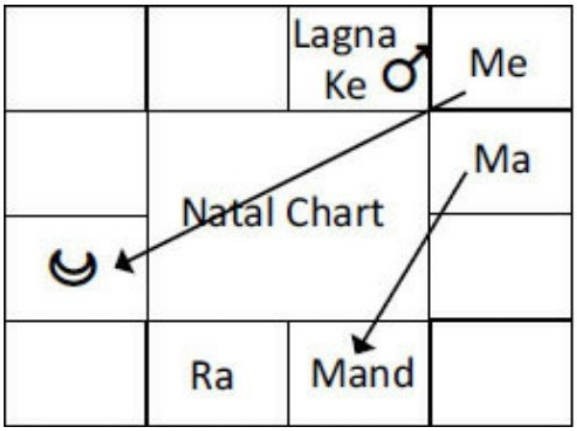
NOTE: The couple need not face the troubles, if they try to correct their mistakes when they are tiny.

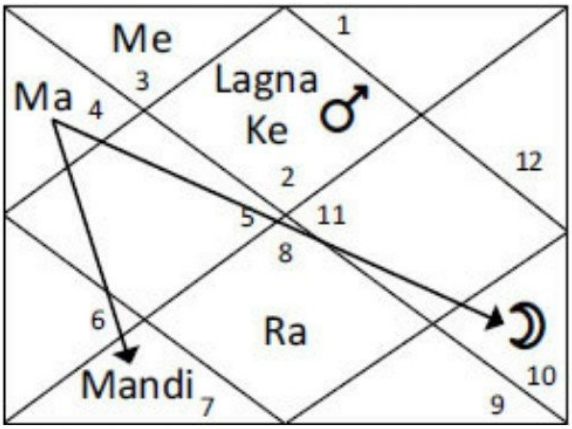
One of my students accompanied a female client for prediction.

OBSERVATION: {on the day of prediction}.....

- Natal Mars is posited in the sign of Cancer.

- Natal Mars is aspecting the Transit Moon with its 7th aspect, & Maandi with its 4th aspect.





CONCLUSION:

- Transit Moon was aspected by strongly posited Mercury at the sign of Sagittarius, before travelling into Capricorn.
- At present, the Transit Moon is aspected by the debilitated Mars.
- The above two aspects indicate the query regarding the husband.
- Transit Mars travelling over Natal Ketu is indicating troublesome husband.

(When the client was asked for, if she has an intension of getting separated from the husband...., she cried in a louder manner and replied, “yes”. And once again the same answer for, if it was a love marriage.... when inquired for, if the situation has pushed her in consuming poison which is indicated

by Natal Mars aspecting both Maandi & Transit Moon....).

CLIENT: I have consumed poison for four times. Still there are no changes in the behavior of my husband. Instead, his activities towards bad deeds are increasing gradually; Hence, I am planning to get separated from him temporarily.

EXPLANATION:

- The Planetary placement for the love marriage to happen is - Strong Natal Mercury & Debilitated Natal Mars, which means-
- Boy friend might have appeared as God during the times of love affair. The moment he became the husband..., against might be the behavior of him. This kind of change in behavior is due to the presence of debilitated Mars at 3rd Bhava.
- Suspecting Nature to an extreme level is the only reason for your problems. Unless it is given up, so the problems will vanish. Therefore, try to give up the doubting nature so as to avoid the separation.

(She accepted for the reason and exhibited the wounds and cuts being poked by knife throughout the body, made by her husband.)

Reasons for above event is -

- Placement of Natal Rahu in the 7th Bhava.

- 7th Lord being debilitated in the 3rd Bhava.
- Maandi being aspected by the Natal Mars.
- Transit Mars travelling over the Natal Ketu.

The only reason in predicting the above Natal chart is -

- Natal Mars aspecting the Transit Moon.

18. Death in Chandra Naadi (VIII Bhava Analysis)

Apart from making use of any other Astrological method in the conclusion of Death..., **MAANDI** is made use in the method of **CHANDRA NAADI.**

I. Ashtamaadhipathi (8thLord), II. 3rd Bhava Lord & III. Maandi

1. Any two among the above three Lords will indicate the Death of Native by getting connected.
2. Any three among the 2, 7,8,11 Lords will indicate the Death of Native by _____ 208 Dasa Bhukti.
3. a. The aspects of Maandi according to the Natal chart are 1st &7th Aspect.

   b. The Aspect of Maandi in the method of Prashna are 2nd, 7th & 12th Aspect.

4. Since we are using Natal chart in the method of CHANDRA NAADI..., 1st & 7th Aspect of Maandi is considered.

I. ASHTAMAADHIPATHI (8TH LORD):

- 8th House from the sign of Ascendant is called as Ashtama Bhava.
- The Planet placed in 8th Bhava is stronger than the 8th Lord.
- Hurdle Lord (Baadhakaadhipathi) will make the 8th Lord more Vigorous.

II. 3rd Lord:

- 8th Lord to 8th Lord is - 3rd Lord.
- Conjunction of 3rd Lord with a Malefic (or) Enemy Planet will increase its strength Vigorously.
- 3rd Lord is powerful in creating the circumstances just before the Death event.

III. Calculation for Maandi:

Maandi is calculated through many methods of calculation in Astrology.

- My method of calculating Maandi is through the degree of Sun as base for calculation, which gives an accurate result. The three points that should be known in calculating Maandi are;

  1. The degree of Sun at the time/day of calculating Maandi.
  2. The day for calculating Maandi.
  3. Maandi is calculated either Day/Night?

Degree of the Day...., required in calculating Maandi -

WEEK DAYS	DAY	NIGHT
Sunday	156.00	240.00
Monday	132.00	216.00
Tuesday	108.00	192.00
Wednesday	84.00	336.00
Thursday	60.00	312.00
Friday	36.00	288.00
Saturday	12.00	264.00

If Maandi has to be calculated for Monday during the day time around 12.05 PM, then.....

- Monday around 12.05 PM, the degree of the Sun is 75.00
- The degree for Monday is 132.00

On adding the two...

Degree of Sun + Degree of Monday (Day time) = Maandi

75.00 + 132.00= 207.00

Therefore, the degree of Maandi = 207.00 (I.e.) Maandi will be posited at the sign of Libra, in the star of Vishaka.

RULE NO-1. Transit Moon travelling over Natal Maandi will indicate the Death event.

RULE NO-2. Transit Maandi travelling over Natal Moon will indicate the Death event.

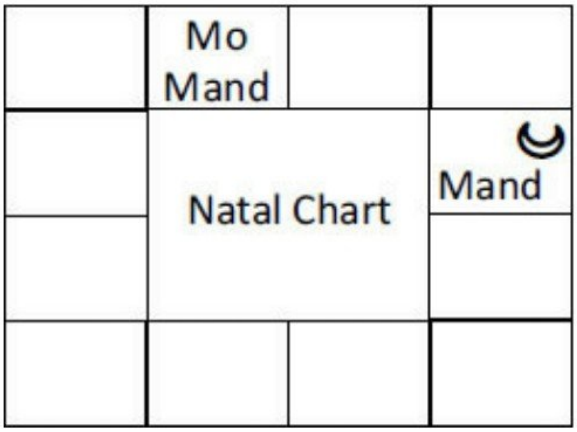
RULE NO-3. Transit Moon travelling very close to/ about to touch Maandi is indicating Crisis, which may also be a Death event.

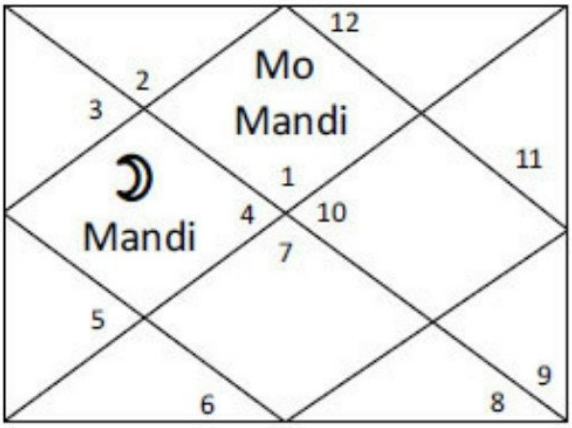
RULE NO-4. Transit Moon just crossing Maandi (I.e. travelling away from Maandi) is indicating relief from Crisis (I.e. safer zone).

RULE NO-5. The Natal Planet which pinpoints the question, if happens to travel over Natal Maandi in its transit, then it is indicating the Death Crisis of the Native....., before the answer (message) reaches him.

RULE NO-6. Planets placed in 3rd Bhava (or) 3rd Lord will deliver the Crisis equivalent to Death. If the above mentioned 6 rules are handled cautiously, then the timing of Death event can be easily calculated for a Native.

Example - 1





In the above chart;

RULE NO-1. Transit Moon travelling over Natal Maandi is indicating the Death event.

OBSERVATION:

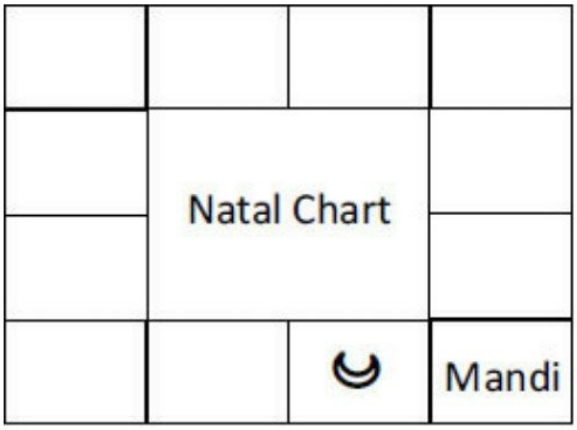
- Natal Maandi is placed in the sign of Aquarius.

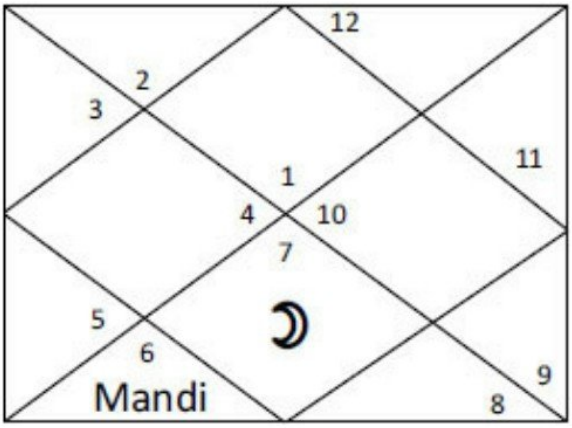
- Transit Moon is travelling over the sign of Capricorn.

CONCLUSION: Transit Moon about to touch Natal Maandi (I.e. Transit Moon travelling from Capricorn to Aquarius) is indicating the Death Crisis, which is about to happen.

- If Nakshatra Lord, in which Maandi is posited, happens to run the Dasa (Or) Dasa Bhukti run by Maaraka Lords..., then they will deliver the Death event (before their transit) without fail.

Example - 3





RULE NO-4. Transit Moon just crossing Maadi (I.e. travelling away from Maandi) is indicating relief from the Crisis. (I.e. the Native is in the safer zone)

OBSERVATION:

- Natal Maandi is placed in the sign of Virgo.

- Transit Moon is travelling over the sign of Libra.

CONCLUSION: Transit Moon has travelled away from Maandi. (I.e. Virgo to Libra sign). This indicates the fled condition of Native from the Crisis of Death event.

- Natal Saturn aspecting Transit Moon at the sign of Virgo.
- Transit Saturn travelling over the Natal Maandi at the sign of Scorpion.
- Saturn is indicating the Death event, being the Bhukti Lord.

RESULT: The Native was prone to Death during the times of Saturn Bhukti.

Native being angry with his Aunt's refusal.., he has performed the rituals of Death in the name of Aunt and the situation of this event is clearly indicated by Maandi in the above chart.

CONCLUSION: Message regarding a Death event could not be heard unless, any of the Transit Planets travel over Natal Maandi (or) its aspect.

A message of Death event belonging to (or) an event of Death… may occur to the relationship with respect to the significance of Natal Planet, which is travelling over the Natal Maandi (or) its aspect…, in its transit.

NOTE: The Death event will remain in the form of message during the times of Transit Moon travelling over Natal Maandi & simultaneously Dasa Bhukti run by the Planets, other than Maaraka Lord.

- The event of Death will take place during the times of Transit Moon travelling over Natal

Maandi, & simultaneously Dasa Bhukti run by the Maaraka Lord.

EXAMPLE - 6

- The degree of Transit Moon at the sign of Scorpion was 20.00.
- The time when Transit Moon touched/ reached the degree of Maandi was 6.21 PM.

CONCLUSION: Transit Moon takes 19 more hours to travel out of the Scorpion sign. This indicates - Even if the Native is in a better condition at the time of 6.21 PM, chances are more for the Death event to take place because...., the longevity of the Native cannot

be concluded until the presence of Transit Moon in the sign of Scorpion.

- Once the Transit Moon enters into the sign of Sagittarius, then the Native is considered to be in the safer zone, for definite.

RESULT: The client called up at the time of 8 PM on the same day with a message of.., the Native's Death event, that was taken place around 6.20 PM.
